

STARWOOD REAL ESTATE INCOME TRUST, INC.
SUPPLEMENT NO. 3 DATED MAY 14, 2026
TO THE PROSPECTUS DATED APRIL 7, 2026

This prospectus supplement (“Supplement”) is part of and should be read in conjunction with the prospectus of Starwood Real Estate Income Trust, Inc., dated April 7, 2026 (as supplemented to date, the “Prospectus”). Unless otherwise defined herein, capitalized terms used in this Supplement shall have the same meanings as in the Prospectus. References herein to the “Company,” “we,” “us,” or “our” refer to Starwood Real Estate Income Trust, Inc. and its subsidiaries unless the context specifically requires otherwise.

The purposes of this Supplement are as follows:

- to disclose the transaction price for each class of our common stock as of June 1, 2026;
- to disclose the calculation of our April 30, 2026 NAV per share for each class of our common stock;
- to provide an update on our share repurchase requests;
- to provide an update on the status of our current public offering (the “Offering”);
- to disclose certain updates to our Prospectus; and
- to include our Quarterly Report on Form 10-Q for the quarter ended March 31, 2026.

June 1, 2026 Transaction Price

The transaction price for each share class of our common stock for subscriptions accepted as of June 1, 2026 (and repurchases as of May 31, 2026) is as follows:

	Transaction Price (per share)
Class S	\$ 19.77
Class T	\$ 19.77
Class D	\$ 19.35
Class I	\$ 19.59

The June 1, 2026 transaction price for each of our share classes is equal to such class’s NAV per share as of April 30, 2026. A detailed presentation of the NAV per share is set forth below. The purchase price of our common stock for each share class equals the transaction price of such class, plus applicable upfront selling commissions and dealer manager fees.

April 30, 2026 NAV Per Share

NAV per share is calculated in accordance with the valuation guidelines that have been approved by our board of directors. Our NAV per share, which is updated as of the last calendar day of each month, is posted on our website at www.starwoodNAV.reit. Please refer to “Net Asset Value Calculation and Valuation Guidelines” in the Prospectus for information on how our NAV is determined. The Advisor is ultimately responsible for determining our NAV. We have included a breakdown of the components of total NAV and NAV per share as of April 30, 2026 along with the immediately preceding month.

SREIT-SUP3-0526

Our total NAV presented in the following tables includes the NAV of our Class S, Class T, Class D, and Class I common shares, as well as partnership interests of the Operating Partnership held by parties other than the Company. The following table provides a breakdown of the major components of our NAV as of April 30, 2026 (\$ and shares/units in thousands):

Components of NAV	April 30, 2026	
Investments in real estate	\$	20,965,046
Investment in real estate debt		989,994
Cash and cash equivalents		197,767
Restricted cash		222,691
Other assets		149,540
Debt obligations		(11,803,541)
Secured financings on investments in real estate debt		(593,996)
Subscriptions received in advance		(150)
Other liabilities		(1,996,090)
Performance participation accrual		—
Management fee payable		(6,698)
Accrued stockholder servicing fees ⁽¹⁾		(2,553)
Non-controlling interests in consolidated entities		(125,447)
Net asset value	\$	7,996,563
Number of outstanding shares/units		406,872

⁽¹⁾ Stockholder servicing fees only apply to Class S, Class T and Class D shares. For purposes of NAV we recognize the stockholder servicing fee as a reduction of NAV on a monthly basis. Under accounting principles generally accepted in the United States of America (“GAAP”), we accrue the full cost of the stockholder servicing fee as an offering cost at the time we sell Class S, Class T and Class D shares. As of April 30, 2026, we have accrued under GAAP \$212.5 million of stockholder servicing fees payable to the Dealer Manager related to the Class S, Class T and Class D shares sold.

The following table provides a breakdown of our total NAV and NAV per share, by share class, as of April 30, 2026 (\$ and shares/units in thousands, except per share/unit data):

NAV Per Share	Class S Shares	Class T Shares	Class D Shares	Class I Shares	Third-party Operating Partnership Units ⁽¹⁾	Total
Net asset value	\$ 3,417,193	\$ 90,870	\$ 472,902	\$ 3,623,948	\$ 391,650	\$ 7,996,563
Number of outstanding shares/units	172,877	4,596	24,439	184,970	19,990	406,872
NAV Per Share/Unit as of April 30, 2026	\$ 19.77	\$ 19.77	\$ 19.35	\$ 19.59	\$ 19.59	

⁽¹⁾ Includes the Operating Partnership units held by the Special Limited Partner and other third parties.

Set forth below are the weighted averages of the key assumptions in the discounted cash flow methodology used in the April 30, 2026 valuations, based on property types. Once we own more than one single-family, one self-storage and one extended stay investment, we will include the key assumptions for the property types.

Property Type	Discount Rate	Exit Capitalization Rate
Multifamily	6.9%	5.5%
Industrial	7.3%	5.8%
Office	8.0%	6.8%
Other	8.3%	6.7%

These assumptions are determined by the Advisor and reviewed by our independent valuation advisor. A change in these assumptions would impact the calculation of the value of our property investments. For example, assuming all other factors remain unchanged, the changes listed below would result in the following effects on our investment values:

Input	Hypothetical Change	Multifamily Investment Values	Industrial Investment Values	Office Investment Values	Other Investment Values
Discount Rate	0.25% decrease	+1.9%	+1.9%	+1.9%	+1.9%
(weighted average)	0.25% increase	(1.9)%	(1.9)%	(1.9)%	(1.9)%
Exit Capitalization Rate	0.25% decrease	+3.0%	+2.8%	+2.4%	+2.3%
(weighted average)	0.25% increase	(2.7)%	(2.6)%	(2.3)%	(2.1)%

The following table provides a breakdown of the major components of our NAV as of March 31, 2026 (\$ and shares/units in thousands):

Components of NAV	March 31, 2026
Investments in real estate	\$ 20,937,275
Investment in real estate debt	943,107
Cash and cash equivalents	211,144
Restricted cash	220,642
Other assets	124,296
Debt obligations	(11,797,601)
Secured financings on investments in real estate debt	(565,864)
Subscriptions received in advance	(200)
Other liabilities	(1,884,033)
Performance participation accrual	—
Management fee payable	(6,757)
Accrued stockholder servicing fees ⁽¹⁾	(2,662)
Non-controlling interests in consolidated entities	(121,971)
Net asset value	\$ 8,057,376
Number of outstanding shares/units	408,864

⁽¹⁾ Stockholder servicing fees only apply to Class S, Class T and Class D shares. For purposes of NAV we recognize the stockholder servicing fee as a reduction of NAV on a monthly basis. Under accounting principles generally accepted in the United States of America (“GAAP”), we accrue the full cost of the stockholder servicing fee as an offering cost at the time we sell Class S, Class T and Class D shares. As of March 31, 2026, we have accrued under GAAP \$215.4 million of stockholder servicing fees payable to the Dealer Manager related to the Class S, Class T and Class D shares sold.

The following table provides a breakdown of our total NAV and NAV per share, by share class, as of March 31, 2026 (\$ and shares/units in thousands, except per share/unit data):

NAV Per Share	Class S Shares	Class T Shares	Class D Shares	Class I Shares	Third-party Operating Partnership Units (1)	Total
Net asset value	\$ 3,436,930	\$ 92,218	\$ 476,130	\$ 3,659,381	\$ 392,717	\$ 8,057,376
Number of outstanding shares/units	173,413	4,651	24,539	186,271	19,990	408,864
NAV Per Share/Unit as of March 31, 2026	\$ 19.82	\$ 19.83	\$ 19.40	\$ 19.65	\$ 19.65	

⁽¹⁾ Includes the Operating Partnership units held by the Special Limited Partner and other third parties.

Share Repurchase Request Update

Effective April 29, 2026, our board of directors amended our share repurchase plan, beginning with repurchases submitted during the month of April 2026 such that (i) repurchase requests made upon the death or qualifying disability of a stockholder who is a natural person will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month; and (ii) repurchase requests for accounts having a balance below \$5,000 will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month.

In April 2026, we accepted approximately \$4.8 million of common stock under our share repurchase plan, which represented all repurchase requests for such period made upon the death or qualifying disability of a stockholder and for accounts having a balance below \$5,000.

Status of our Current Public Offering

This Offering was declared effective by the SEC on February 4, 2026 and we are currently offering on a continuous basis up to \$10.0 billion in shares of common stock, consisting of up to \$9.5 billion in shares in our primary offering and up to \$0.5 billion in shares pursuant to our distribution reinvestment plan. As of the date hereof, we had issued and sold (i) 160,625 shares of our common stock (consisting of 21,074 Class S shares and 139,551 Class I shares) in the primary offering for total proceeds of approximately \$3.2 million and (ii) 1,449,840 shares of our common stock (consisting of 690,306 Class S shares, 29,478 Class T shares, 56,029 Class D shares and 674,027 Class I shares) pursuant to our distribution reinvestment plan for a total value of approximately \$28.8 million. As of April 30, 2026, our aggregate NAV was approximately \$8.0 billion. We intend to continue selling shares in the Offering on a monthly basis.

Prospectus Updates

The following disclosure supersedes and replaces the section of the Prospectus entitled “Description of Capital Stock—Preferred Stock” on page 134 of the Prospectus.

Preferred Stock

Our charter authorizes our board of directors to designate and issue one or more classes or series of preferred stock without stockholder approval, and to establish the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms or conditions of redemption of each class or series of preferred stock so issued. Because our board of directors has the power to establish the preferences and rights of each class or series of preferred stock, it may afford the holders of any series or class of preferred stock preferences, powers and rights senior to the rights of holders of common stock. However, our board of directors may not afford preferred stock or other classes or series of stock with voting rights that have the effect of restricting common stockholder voting rights afforded by the NASAA REIT Guidelines.

The voting rights per share of any series or class of preferred stock sold in a private offering may not exceed voting rights which bear the same relationship to the voting rights of a publicly held share as the consideration paid to us for each privately-held preferred share bears to the book value of each outstanding publicly held share. If we ever created and issued preferred stock with a distribution preference over common stock, payment of any distribution preferences of outstanding preferred stock would reduce the amount of funds available for the payment of distributions on the common stock. Further, holders of preferred stock are normally entitled to receive a liquidation preference in the event we liquidate, dissolve or wind up before any payment is made to the common stockholders, likely reducing the amount common stockholders would otherwise receive upon such an occurrence. In addition, under certain circumstances, the issuance of preferred stock may render more difficult or tend to discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of our securities, or the removal of incumbent management. Our board of directors has no present plans to cause us to issue any preferred stock, but may do so at any time in the future without stockholder approval.

The following disclosure supplements the section of the Prospectus titled “Management—Independent Director Restricted Share Plan” on page 105 of the Prospectus.

Effective May 8, 2026, our board of directors adopted the Amended and Restated Independent Director Restricted Share Plan to increase the aggregate number of shares reserved and available for issuance pursuant to awards granted thereunder to 400,000.

The following disclosure supersedes and replaces the entire summary risk factor set forth in the third bullet point on the front cover of the Prospectus and the entire summary risk factor set forth in the third bullet point under the section of the Prospectus entitled “Summary Risk Factors—Risks Related to This Offering and Our Organizational Structure.”

- Since there is no public trading market for shares of our common stock, repurchase of shares by us will likely be the only way to dispose of your shares. Our share repurchase plan as last amended in April 2026 provides stockholders with the opportunity to request that we repurchase their shares on a monthly basis upon the death or qualifying disability of the requesting stockholder and for accounts having a balance below \$5,000, but we are not obligated to repurchase any shares and may choose to repurchase only some, or even none, of the shares that have been requested to be repurchased in any particular month in our discretion. In addition, repurchases are subject to available liquidity and other significant restrictions. Repurchases submitted pursuant to the share repurchase plan will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month. Since October 2022, repurchase requests have consistently exceeded the applicable

limits of our share repurchase plan and may continue to do so in the future. Further, our board of directors may modify or suspend our share repurchase plan if it deems such action to be in our best interest and the best interest of our stockholders. As a result, our shares should be considered as having only limited liquidity and at times may be illiquid.

In the “Risk Factors” section of the Prospectus, the following supersedes and replaces the risk factor entitled “There is no public trading market for shares of our common stock; therefore, your ability to dispose of your shares will likely be limited to repurchase by us. If you do sell your shares to us, you may receive less than the price you paid.”

There is no public trading market for shares of our common stock; therefore, your ability to dispose of your shares will likely be limited to repurchase by us. If you do sell your shares to us, you may receive less than the price you paid.

There is no current public trading market for shares of our common stock, and we do not expect that such a market will ever develop. Therefore, repurchase of shares by us will likely be the only way for you to dispose of your shares. We repurchase shares at a price equal to the transaction price of the class of shares being repurchased on the date of repurchase (which will generally be equal to our prior month’s NAV per share), and not based on the price at which you initially purchased your shares. Subject to limited exceptions, shares repurchased within one year of the date of issuance are repurchased at 95% of the transaction price. As a result, you may receive less than the price you paid for your shares when you sell them to us pursuant to our share repurchase plan. Under our share repurchase plan as last amended in April 2026, we repurchase requests made upon the death or qualifying disability of a stockholder and repurchase requests made for accounts having a balance below \$5,000 to the extent there are available funds up to a limit of \$5 million per month. See “Share Repurchases—Early Repurchase Deduction.”

In the “Risk Factors” section of the Prospectus, the following supersedes and replaces the risk factor entitled “Your ability to have your shares repurchased through our share repurchase plan is limited. We may choose to repurchase fewer shares than have been requested to be repurchased in our discretion at any time, and the amount of shares we may repurchase is subject to caps. Further, our board of directors may modify or suspend our share repurchase plan if it deems such action to be in our best interest and the best interest of our stockholders.”

Your ability to have your shares repurchased through our share repurchase plan is limited to repurchases resulting from death or qualifying disability and for accounts having a balance below \$5,000. We may choose to repurchase fewer shares than have been requested to be repurchased or no shares in our discretion at any time, and the amount of shares we may repurchase is subject to a monthly limit of \$5 million. Further, our board of directors may modify or suspend our share repurchase plan if it deems such action to be in our best interest and the best interest of our stockholders.

Effective April 29, 2026, we amended our share repurchase plan such that (i) repurchase requests made upon the death or qualifying disability of a stockholder who is a natural person will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month; and (ii) repurchase requests for accounts having a balance below \$5,000 will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month. As a result, no repurchase requests will be accepted except in connection with (i) and (ii) above. Since October 2022, repurchase requests have consistently exceeded the applicable monthly and quarterly limits of our share repurchase plan and may continue to exceed the limits of our share repurchase plan in the future. Further, our board of directors may modify or suspend our share repurchase plan if it deems such action to be in our best interest and the best interest of our stockholders. If the full amount of all shares of our common stock requested to be repurchased in any given month are not repurchased, funds are allocated pro rata based on the total number of shares of common stock being repurchased without regard to class and subject to the limitation. All unsatisfied repurchase requests must be resubmitted after the start of the next month or quarter, or upon the recommencement of the share repurchase plan, as applicable.

In any particular month, we may choose to repurchase fewer shares than have been requested to be repurchased under our share repurchase plan, or none at all, in our discretion at any time. We may repurchase fewer shares than have been requested to be repurchased due to lack of readily available funds because of adverse market conditions beyond our control, the need to maintain liquidity for our operations or because we have determined that investing in real property or other illiquid investments is a better use of our capital than repurchasing our shares.

The vast majority of our assets consist of properties that generally cannot be readily liquidated without impacting our ability to realize full value upon their disposition. Therefore, we may not always have a sufficient amount of cash to immediately satisfy repurchase requests. Since historical repurchase requests, in our judgment, placed an undue burden on our liquidity, adversely affected our operations or risked an adverse impact on us as a whole, and we determined that investing our liquid assets in real properties or other illiquid investments rather than repurchasing our shares is in the best interests of our company as a whole, we amended our share repurchase plan in April 2026 as set forth above. We are not required to reinstate the historical limits of our share repurchase plan (monthly limit of 2% of NAV and quarterly limit of 5% of NAV) at any time and the current terms of our share repurchase plan may continue indefinitely. In addition, we are not required to authorize the recommencement of the share repurchase plan within any

specified period of time, we may effectively terminate the plan by suspending it indefinitely. As a result, your ability to have your shares repurchased by us may be limited and at times you may not be able to liquidate your investment. See “Share Repurchases—Repurchase Limitations.”

In the “Risk Factors” section of the Prospectus, the following supersedes and replaces the risk factor entitled “Economic events that may cause our stockholders to request that we repurchase their shares may materially adversely affect our cash flow and our results of operations and financial condition.”

Economic events that may cause our stockholders to request that we repurchase their shares may materially adversely affect our cash flow and our results of operations and financial condition.

Economic events affecting the U.S. economy, such as the general negative performance of the real estate sector (including as a result of inflation or higher interest rates), actual or perceived instability in the U.S. banking system, disruptions in the labor market (including labor shortages and unemployment), stock market volatility, trade conflict, civil unrest, national and international security events, geopolitical events, military conflicts and war (including the ongoing conflicts in the Middle East and Ukraine) could cause our stockholders to seek to sell their shares to us pursuant to our share repurchase plan at a time when such events are adversely affecting the performance of our assets. Even if we decide to satisfy all resulting repurchase requests, our cash flow could be materially adversely affected. In addition, if we determine to sell assets to satisfy repurchase requests, we may not be able to realize the return on such assets that we may have been able to achieve had we sold at a more favorable time, and our results of operations and financial condition, including, without limitation, breadth of our portfolio by property type and location, could be materially adversely affected.

In addition, stockholders have and may continue to seek to repurchase some or all of the shares of our common stock that they hold. A significant volume of repurchase requests in a given period has in the past and may in the future cause requests to exceed the monthly and quarterly limits under our share repurchase plan, resulting in less than the full amount of repurchase requests being satisfied in such period. However, under our amended share repurchase plan, we may repurchase requests only made upon the death or qualifying disability of a stockholder and repurchase requests made for accounts having a balance below \$5,000 to the extent there are available funds up to a limit of \$5 million per month.

Quarterly Report on Form 10-Q

The Prospectus is hereby supplemented with our Quarterly Report on Form 10-Q, excluding exhibits, for the quarter ended March 31, 2026, that was filed with the SEC on May 11, 2026, a copy of which is attached to this Supplement as Appendix A.

Starwood Real Estate Income Trust, Inc.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

1. Organization and Business Purpose

Starwood Real Estate Income Trust, Inc. (the “Company”) was formed on June 22, 2017 as a Maryland corporation and has elected to be taxed as a real estate investment trust (“REIT”) for U.S. federal income tax purposes. The Company is organized to invest primarily in stabilized, income-oriented commercial real estate and debt secured by commercial real estate. The Company’s portfolio is principally comprised of properties located in the United States. The Company has diversified its portfolio on a global basis through the acquisition of properties outside of the United States, with a focus on Europe. To a lesser extent, the Company has invested in debt secured by commercial real estate and real estate-related securities. The Company is the sole general partner of Starwood REIT Operating Partnership, L.P., a Delaware limited partnership (the “Operating Partnership”). Starwood REIT Special Limited Partner, L.L.C. (the “Special Limited Partner”), a wholly owned subsidiary of Starwood Capital Group Holdings, L.P. (the “Sponsor” and together with any entity that is controlled by, controls or is under common control with the Sponsor, and any of their respective predecessor entities, “Starwood Capital”), owns a special limited partner interest in the Operating Partnership. Substantially all of the Company’s business is conducted through the Operating Partnership. The Company and the Operating Partnership are externally managed by Starwood REIT Advisors, L.L.C. (the “Advisor”), an affiliate of the Sponsor.

On December 27, 2017, the Company commenced its initial public offering of up to \$5.0 billion in shares of common stock. On June 2, 2021, the initial public offering terminated and the Company commenced a follow-on public offering of up to \$10.0 billion in shares of common stock. On August 10, 2022, the follow-on public offering terminated and the Company commenced its third public offering of up to \$18.0 billion in shares of common stock.

On February 4, 2026, the third public offering terminated, and the Company commenced its fourth public offering of up to \$10.0 billion in shares of common stock, consisting of up to \$9.5 billion in shares in its primary offering and up to \$0.5 billion in shares pursuant to its distribution reinvestment plan. As of March 31, 2026, the Company had received aggregate net proceeds of \$14.3 billion from the sale of shares of its common stock through its public offerings.

In April 2024, the Company launched a program (the “DST Program”) to raise capital, through its Operating Partnership, through private placement offerings exempt from registration under the Securities Act of 1933, as amended (the “Securities Act”), by selling beneficial interests (“DST Interests”) in specific Delaware statutory trusts (“DSTs”) holding real properties (the “DST Properties”). As of March 31, 2026, the Company has raised approximately \$63.5 million in gross offering proceeds through the DST Program.

As of March 31, 2026, the Company owned 402 consolidated real estate properties, 877 single-family rental units, two investments in unconsolidated real estate ventures and one real estate debt investment. The Company currently operates in five reportable segments: Multifamily, Industrial, Office, Other, and Investment in Real Estate Debt. Financial results by segment are reported in Note 15.

2. Summary of Significant Accounting Policies

Principles of Consolidation and Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. All significant intercompany balances and transactions have been eliminated in consolidation. Management believes it has made all necessary adjustments, consisting of only normal recurring items, so that the unaudited condensed consolidated financial statements are presented fairly and that estimates made in preparing its unaudited condensed consolidated financial statements are reasonable and prudent. The accompanying unaudited condensed consolidated interim financial statements should be read in conjunction with the audited consolidated financial statements included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2025 filed with the U.S. Securities and Exchange Commission (the “SEC”).

Certain amounts in the Company’s prior period condensed consolidated financial statements have been reclassified to conform to the current period presentation. The Company has chosen to reclassify realized gains and losses on derivative instruments as reflected on the Condensed Consolidated Statements of Cash Flows from “Other items” to “Realized loss (gain) on derivative instruments” for the three months ended March 31, 2025. This reclassification had no effect on the previously reported totals or subtotals included in the Condensed Consolidated Statements of Cash Flows.

The accompanying unaudited condensed consolidated financial statements include the accounts of the Company, the Company’s subsidiaries and joint ventures in which the Company has a controlling interest. For consolidated joint ventures, the non-controlling partner’s share of the assets, liabilities and operations of the joint ventures is included in non-controlling interests as equity of the

Company. The non-controlling partner's interest is generally computed as the joint venture partner's ownership percentage. Certain of the joint ventures formed by the Company provide the other partner a profits interest based on certain return hurdles being achieved. Any profits interest due to the other partner is reported within non-controlling interests.

In determining whether the Company has a controlling financial interest in a partially owned entity and the requirement to consolidate the accounts of that entity, the Company considers whether the entity is a variable interest entity ("VIE") and whether it is the primary beneficiary. The Company is the primary beneficiary of a VIE when it has (i) the power to direct the most significant activities impacting the economic performance of the VIE and (ii) the obligation to absorb losses or receive benefits significant to the VIE. The Operating Partnership is considered to be a VIE. The Company consolidates the Operating Partnership because it has the ability to direct the most significant activities of the entity such as purchases, dispositions, financings, budgets, and overall operating plans. The Company meets the VIE disclosure exemption criteria, as the Company's interest in the Operating Partnership is considered a majority voting interest. Where the Company does not have the power to direct the activities of the VIE that most significantly impact its economic performance, the Company's interest for those partially owned entities are accounted for using the equity method of accounting.

The Company has a DST Program to raise capital through private placement offerings by selling DST Interests in specific DSTs holding real properties. Under the DST Program, each private placement offers interest in one or more DST Properties. DST Properties may be sourced from properties currently owned by the Operating Partnership or newly acquired properties. The underlying interest of real properties sold to investors pursuant to such private placements are leased-back to a wholly owned subsidiary of the Operating Partnership on a long-term basis through January 2, 2031, unless sooner terminated pursuant to master lease agreements. These master lease agreements are fully guaranteed by the Operating Partnership in the form of demand notes capitalizing the lessee. Additionally, the Operating Partnership retains a fair market value purchase option giving it the right, but not the obligation, to acquire the interests in the DSTs from the investors at a later time in exchange for Operating Partnership units.

Under the master lease agreements, a wholly owned indirect subsidiary of the Operating Partnership is responsible for subleasing the property to occupying tenants and all underlying costs associated with operating the property and is responsible for paying rent to the DST that owns such property. For financial reporting purposes (and not for income tax purposes), the Company evaluated the transfer of the DST properties under GAAP and concluded that the sale of the DST Properties does not qualify as a sale due to continuing involvement and the fair market value repurchase option and is, therefore, accounted for as a failed sale-leaseback transaction. As a result of this determination, the DST Properties are included in the Company's Condensed Consolidated Balance Sheets. The master lease agreements are absolute leases, pursuant to which the master tenant will pay the stated rent and will be responsible for paying leasing costs, operating expenses, real estate taxes, special assessments, sales and use taxes, utilities, insurance and repairs for maintenance related to the DST Properties.

As of March 31, 2026 and December 31, 2025, the Company held two properties through the DST Program and the total investments in real estate, net associated with the DST Properties were \$156.5 million and \$157.8 million, respectively.

The Company has determined that the DST entities are VIEs. The Company has determined that it is the primary beneficiary of these VIEs. As a result, these DST entities are included in the Company's condensed consolidated financial statements. As of March 31, 2026 and December 31, 2025, the total liabilities of the Company's consolidated VIEs, excluding the Operating Partnership, were \$0.1 billion and \$0.1 billion, respectively. Such amounts are included on the Company's Condensed Consolidated Balance Sheets. There were no assets of the Company's consolidated VIEs as of March 31, 2026 and December 31, 2025, due to certain intercompany eliminations upon consolidation.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the balance sheet. Actual results could differ from those estimates.

Investments in Real Estate

Refer to Note 2 — "Summary of Significant Accounting Policies" to the Company's consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2025, for further details of the GAAP treatment regarding the Company's investments in real estate.

Impairment of Investments in Real Estate

The Company's management reviews its real estate properties for impairment each quarter or when there is an event or change in circumstances that indicates an impaired value. If the carrying amount of the real estate investment is no longer recoverable and exceeds the fair value of such investment, an impairment loss is recognized. The impairment loss is recognized based on the excess of the carrying amount of the asset over its fair value. The evaluation of anticipated future cash flows is highly subjective and is based in

part on assumptions regarding future occupancy, rental rates and capital requirements that could differ materially from actual results. Since cash flows on real estate properties considered to be “long-lived assets to be held and used” are considered on an undiscounted basis to determine whether an asset has been impaired, the Company’s strategy of holding properties over the long term decreases the likelihood of recording an impairment loss. If the Company’s strategy changes or market conditions otherwise dictate an earlier sale date, an impairment loss may be recognized and such loss could be material to the Company’s results. If the Company determines that an impairment has occurred, the affected assets must be reduced to their fair value. Impairment charges are recorded in the Condensed Consolidated Statements of Operations and Comprehensive Loss.

During the three months ended March 31, 2026 and 2025, the Company did not recognize any impairment charges on investments in real estate.

Properties Held-for-Sale

The Company classifies the assets and liabilities related to its investments in real estate as held-for-sale when a sale is probable to occur within one year. The Company considers a sale to be probable when a binding contract has been executed, the buyer has posted a non-refundable deposit, and there are limited contingencies to closing. The Company records held-for-sale investments in real estate at the lower of depreciated cost or fair value, less estimated closing costs. Held-for-sale assets and liabilities are presented within Other assets and Other liabilities on the Company’s Condensed Consolidated Balance Sheets. Liabilities are included in the held-for-sale disposal group only if these liabilities are directly associated with the assets to be disposed of and are expected to be settled as part of the pending sale transaction. This includes mortgage notes, net, that are assumed by the buyer or mortgage notes, net, that are fully repaid as part of the pending sale transaction. As of March 31, 2026 and December 31, 2025, no properties were classified as held-for-sale.

Fair Value Measurements

Under normal market conditions, the fair value of an investment is the amount that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date (i.e., the exit price). Additionally, there is a hierarchical framework that prioritizes and ranks the level of market price observability used in measuring investments at fair value. Market price observability is impacted by a number of factors, including the type of investment and the characteristics specific to the investment and the state of the market place, including the existence and transparency of transactions between market participants. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following levels within the fair value hierarchy:

Level 1 — quoted prices are available in active markets for identical investments as of the measurement date. The Company does not adjust the quoted price for these investments.

Level 2 — quoted prices are available in markets that are not active or model inputs are based on inputs that are either directly or indirectly observable as of the measurement date.

Level 3 — pricing inputs are unobservable and include instances where there is minimal, if any, market activity for the investment. These inputs require significant judgment or estimation by management or third parties when determining fair value and generally represent anything that does not meet the criteria of Levels 1 and 2. Due to the inherent uncertainty of these estimates, these values may differ materially from the values that would have been used had a ready market for these investments existed.

Valuation of assets and liabilities measured at fair value

The Company’s investment in real estate debt is reported at fair value. The Company’s investment in real estate debt includes a loan secured by real estate, which may not have readily available market quotations. In such cases, the Company will generally determine the initial value based on the origination amount or acquisition price of such investment if acquired by the Company or the par value of such investment if originated by the Company. Following the initial measurement, the Company will determine fair value by utilizing or reviewing certain of the following inputs (i) market yield data, (ii) discounted cash flow modeling, (iii) collateral asset performance, (iv) local or macro real estate performance, (v) capital market conditions, (vi) debt yield or loan-to-value ratios, and (vii) borrower financial condition and performance.

The Company’s derivative financial instruments are reported at fair value and are recorded within Other assets and Other liabilities on the Company’s Condensed Consolidated Balance Sheets. The Company’s interest rate swap agreements are valued using a discounted cash flow analysis based on the terms of the contract and the forward interest rate curve adjusted for the Company’s non-performance risk. The Company’s interest rate cap positions are valued using models developed by the respective counterparty as well as third

party pricing service providers that use as their basis readily observable market parameters (such as forward yield curves and credit default swap data).

The fair values of the Company's foreign currency forward contracts are determined by comparing the contracted forward exchange rate to the current market exchange rate. The current market exchange rates are determined by using market spot rates, forward rates and interest rate curves for the underlying instruments.

The fair values of the Company's financial instruments (other than investments in real estate debt, mortgage notes, secured credit facilities, unsecured line of credit and derivative instruments), including cash and cash equivalents, restricted cash and other financial instruments, approximate their carrying or contract value. The Company utilizes a discounted cash flow model to value its loans secured by real estate (considering loan features, credit quality of the loans and includes a review of market yield data, collateral asset performance, local and macro real estate performance, capital market conditions, debt yield, loan-to-value ratios, borrower financial condition and performance, among other factors). The Company continuously monitors and assesses the credit quality of individual loans including the review of delinquency and loan-to-value ratios on its loans secured by real estate. Such loans have floating interest rates with market terms and there are no underlying credit quality issues as of March 31, 2026.

The following table details the Company's assets and liabilities that are measured at fair value on a recurring basis (\$ in thousands):

	March 31, 2026				December 31, 2025			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
Assets:

Investment in real estate debt	\$ 915,431	Discounted Cash Flow	Discount Rate	8.8%		Increase

Valuation of assets measured at fair value on a nonrecurring basis

Certain of the Company's assets may not be measured at fair value on an ongoing basis but are subject to fair value adjustments, such as when there is evidence of impairment, and therefore measured at fair value on a nonrecurring basis. The Company reviews its real estate properties for impairment each quarter or when there is an event or change in circumstances that indicates an impaired value.

During the three months ended March 31, 2026 and 2025, the Company did not recognize any impairment charges on investments in real estate.

Valuation of liabilities not measured at fair value

Fair value of the Company's indebtedness is estimated by modeling the cash flows required by the Company's debt agreements and discounting them back to the present value using an appropriate discount rate. Additionally, the Company considers current market rates and conditions by evaluating similar borrowing agreements with comparable loan-to-value ratios and credit profiles. The inputs used in determining the fair value of the Company's indebtedness are considered Level 3. As of March 31, 2026 and December 31, 2025, the fair value of the Company's mortgage notes, secured credit facilities, and secured financings on investment in real estate debt was approximately \$239.4 million and \$265.6 million below the outstanding principal balance, respectively.

Income Taxes

The Company elected to be taxed as a REIT under the Internal Revenue Code (the "Code"), for federal income tax purposes, beginning with its taxable year ended December 31, 2019. As long as the Company qualifies for taxation as a REIT, it generally will not be subject to U.S. federal corporate income tax on its net taxable income that is currently distributed to its stockholders. A REIT is subject to a number of organizational and operational requirements, including a requirement that it currently distributes at least 90% of its REIT taxable income (subject to certain adjustments) to its stockholders. If the Company fails to qualify as a REIT in a taxable year, without the benefit of certain relief provisions, it will be subject to federal and state income tax on its taxable income at regular corporate tax rates. Even if the Company qualifies for taxation as a REIT, it may also be subject to certain federal, state, local, and foreign taxes on its income and assets, including (i) taxes on any undistributed income, (ii) taxes related to its taxable REIT subsidiaries ("TRSs"), and (iii) certain state or local income taxes. The Company and the Operating Partnership's tax returns for three years from the date filed are subject to examination.

The Company has formed subsidiaries to function as TRSs and filed TRS elections, together with such subsidiaries, with the Internal Revenue Service. In general, a TRS may perform additional services for the Company's tenants and generally may engage in any real estate or non-real estate-related business other than management or operation of a lodging facility or a health care facility. The TRSs may be subject to taxation at the federal, state, local, and foreign levels, as applicable, at regular corporate tax rates. The Company accounts for applicable income taxes by utilizing the asset and liability method. As such, the Company records deferred tax assets and liabilities for the future tax consequences resulting from the difference between the carrying value of existing assets and liabilities and their respective tax basis. A valuation allowance for deferred tax assets is provided if the Company believes all or some portion of the deferred tax asset may not be realized.

In 2021, the Organization for Economic Co-operation and Development ("OECD") announced a two-pillar solution to address tax challenges arising from the digitalization of the economy, which included a 15% global minimum tax under Pillar Two Model Rules ("Pillar Two"). On January 5, 2026, the OECD released a "side-by-side package" ("SbS") for Pillar Two that includes administrative guidance on SbS system, a permanent simplified effective tax rate safe harbor, an extension of the transitional country-by-country reporting safe harbor through 2027, and a substance-based tax incentive safe harbor. Under this guidance, the U.S. is recognized as a qualified SbS regime which effectively alleviates U.S.-based multi-national companies from top-up tax collectible under the Pillar Two income inclusion and undertaxed payments rules. While the Company may be subject to Qualified Domestic Minimum Top-Up Taxes in the jurisdictions in which it operates, the safe harbors provided by SbS are broadly applicable and the Company does not expect the Pillar Two framework to have a material impact on the Company's effective tax rate, consolidated results of operations, financial position, or cash flows.

For the three months ended March 31, 2026 and 2025, the Company recognized an income tax expense of (\$0.7) million and (\$0.4) million, respectively, within Other income (expense), net in the Company's Condensed Consolidated Statements of Operations and Comprehensive Loss. As of March 31, 2026 and December 31, 2025, the Company recorded a net deferred tax liability of \$35.2 million and \$35.6 million, respectively, primarily due to assumed capital gains from three European investments, within Other liabilities on the Company's Condensed Consolidated Balance Sheets.

As of December 31, 2025, net operating loss (“NOL”) carryforwards for federal, state and foreign income tax purposes totaled \$112.8 million, and are primarily driven by dispositions of residential rental units within one of the Company’s TRSs and valuation adjustments in certain foreign jurisdictions. Although the federal NOL carryforwards do not expire, the Company has recorded full valuation allowances against certain deferred tax assets for which the Company believes it is more likely than not that the Company will not realize a benefit from these in future taxable years.

Recent Accounting Pronouncements

In November 2024, the Financial Accounting Standards Board issued Accounting Standards Update No. 2024-03, “*Income Statement — Reporting Comprehensive Income — Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses*” which requires disclosure of certain costs and expenses on an interim and annual basis in the notes to the consolidated financial statements. The guidance is effective for fiscal years beginning after December 15, 2026 and interim periods within fiscal years beginning after December 15, 2027. Early adoption is permitted. The guidance is to be applied either (i) prospectively to financial statements issued for reporting periods after the effective date or (ii) retrospectively to any or all prior periods presented in the financial statements. The Company is currently evaluating the potential impact of adopting this standard on the condensed consolidated financial statements and related disclosures.

3. Investments

Investments in Real Estate

Investments in real estate, net consisted of the following (\$ in thousands):

	March 31, 2026	December 31, 2025
Building and building improvements	\$ 16,451,030	\$ 16,452,127
Land and land improvements	2,793,271	2,797,405
Furniture, fixtures and equipment	267,446	268,251
Right-of-use asset - operating lease ⁽¹⁾	105,230	105,230
Total	19,616,977	19,623,013
Accumulated depreciation and amortization	(2,857,776)	(2,693,881)
Investments in real estate, net	<u>\$ 16,759,201</u>	<u>\$ 16,929,132</u>

⁽¹⁾ Refer to Note 14 for additional details on the Company’s leases.

Asset Dispositions

During the three months ended March 31, 2026, the Company sold one single-family rental unit. During the three months ended March 31, 2025, the Company sold an aggregate of \$1.0 billion of investments in real estate, net, generating total net cash proceeds, net of mortgage repayments, of approximately \$0.3 billion. During the three months ended March 31, 2025, the Company recorded \$9.7 million of net gains from the disposition of 43 industrial properties, 13 multifamily properties, one hospitality property and 16 single-family rental units.

Investments in Unconsolidated Real Estate Ventures

The following table details the Company’s equity investments in unconsolidated real estate ventures (\$ in thousands):

Investments in Unconsolidated Real Estate Ventures	Segment	Date Acquired	Number of Properties	Ownership Interest	March 31, 2026	December 31, 2025

⁽¹⁾ Included in Other assets on the Company's Condensed Consolidated Balance Sheets.

⁽²⁾ Included in Other liabilities on the Company's Condensed Consolidated Balance Sheets.

The estimated future amortization on the Company's intangibles for each of the next five years and thereafter as of March 31, 2026 is as follows (\$ in thousands):

	In-place Lease Intangibles	Above-market Lease Intangibles	Other	Below-market Lease Intangibles
2026 (remaining)	\$ 16,689	\$ 2,791	\$ 2,013	\$ (3,491)
2027	18,217	3,085	2,684	(3,843)
2028	15,222	2,490	2,684	(3,804)
2029	12,916	2,322	2,684	(3,355)
2030	11,167	2,147	2,651	(3,517)
Thereafter	25,969	1,794	7,057	(12,713)
	<u>\$ 100,180</u>	<u>\$ 14,629</u>	<u>\$ 19,773</u>	<u>\$ (30,723)</u>

5. Investment in Real Estate Debt

The following tables detail the Company's investment in real estate debt as of March 31, 2026 and December 31, 2025 (\$ in thousands):

March 31, 2026					
<u>Type of Security/Loan</u>	<u>Number of Positions</u>	<u>Coupon ⁽¹⁾</u>	<u>Maturity Date ⁽²⁾</u>	<u>Cost Basis</u>	<u>Fair Value</u>
Term loan	1	BBSY + 4.75%	June 2030	\$ 956,877	\$ 940,286
Total investment in real estate debt	<u>1</u>	<u>BBSY + 4.75%</u>	<u>June 2030</u>	<u>\$ 956,877</u>	<u>\$ 940,286</u>
December 31, 2025					
<u>Type of Security/Loan</u>	<u>Number of Positions</u>	<u>Coupon ⁽¹⁾</u>	<u>Maturity Date ⁽²⁾</u>	<u>Cost Basis</u>	<u>Fair Value</u>
Term loan	1	BBSY + 4.75%	June 2030	\$ 956,877	\$ 915,431
Total investment in real estate debt	<u>1</u>	<u>BBSY + 4.75%</u>	<u>June 2030</u>	<u>\$ 956,877</u>	<u>\$ 915,431</u>

(1) The symbol "BBSY" refers to the relevant benchmark rate, the three-month Bank Bill Swap Bid Rate ("BBSY").

(2) Maturity date is based on the fully extended maturity date of the underlying collateral.

During June 2022, the Company provided financing in the form of a term loan to an unaffiliated entity in connection with its acquisition of Australia's largest hotel and casino company. The loan is in the amount of AUD 1,377 million and has an initial term of five years, with a two-year extension option. The loan is pre-payable at the option of the borrower at any time. During June 2025, the Company extended the loan term by three years to June 2030.

During the three months ended March 31, 2026 and 2025, the Company did not record any net realized gains or losses on its investment in real estate debt.

6. Mortgage Notes and Secured Credit Facilities

The following table is a summary of the mortgage notes and credit facilities secured by the Company's properties as of March 31, 2026 and December 31, 2025 (\$ in thousands):

Indebtedness	Weighted Average Interest Rate ⁽¹⁾	Weighted Average Maturity Date ⁽²⁾	Maximum Facility Size	Principal Balance Outstanding ⁽³⁾	
				March 31, 2026	December 31, 2025
<i>Fixed rate loans</i>					
Fixed rate mortgages	3.41%	January 2031	N/A	\$ 3,161,776	\$ 3,167,322
Total fixed rate loans				3,161,776	3,167,322
<i>Variable rate loans</i>					
Floating rate mortgages	B + 1.95%	January 2031	N/A	8,714,858	8,690,438
Variable rate secured credit facility ⁽⁴⁾	B + 2.25%	May 2026	\$160,378	160,378	161,140
Senior secured revolving credit facility ⁽⁵⁾	B + 2.50%	January 2027	\$150,000	—	—
Total variable rate loans				8,875,236	8,851,578
Total loans secured by the Company's properties				12,037,012	12,018,900
Deferred financing costs, net				(61,436)	(55,327)
Discount on assumed debt, net				(6,381)	(6,363)
Mortgage notes and secured credit facilities, net				\$ 11,969,195	\$ 11,957,210

(1) The symbol "B" refers to the relevant floating benchmark rates, which includes one-month Secured Overnight Financing Rate ("SOFR"), Federal Reserve Bank of New York ("NYFED") 30 day SOFR, three-month Euro Interbank Offered Rate ("EURIBOR") and three-month Norwegian Interbank Offered Rate ("NIBOR"), as applicable to each loan.

(2) For loans where the Company, at its own discretion, has extension options, the maximum maturity date has been assumed.

(3) The majority of the Company's mortgages contain prepayment provisions including (but not limited to) lockout periods, yield or spread maintenance provisions and fixed penalties.

(4) The repayment of the variable rate secured credit facility is guaranteed by the Operating Partnership.

(5) The repayment of the senior secured revolving credit facility is secured by pledges of ownership interests in holding companies that are directly under the Operating Partnership.

In July 2024, the Company entered into a senior secured revolving credit facility agreement with a total borrowing capacity of \$150.0 million. The senior secured revolving credit facility agreement matures in January 2027, at which time the Company may seek to refinance the senior secured revolving credit facility. Interest under the senior secured revolving credit facility is determined based on one-month U.S. dollar denominated SOFR plus 2.5%.

The following table presents the future principal payments under the Company's mortgage notes and secured credit facilities as of March 31, 2026 (\$ in thousands):

Year	Amount
2026 (remaining)	\$ 1,160,800
2027	1,961,432
2028	562,613
2029	193,636
2030	3,175,280
2031	701,599
Thereafter	4,281,652
Total	\$ 12,037,012

The Company actively monitors upcoming debt maturities and capital market conditions. The Company has approximately \$4.0 billion of indebtedness, including \$2.2 billion related to mortgage notes, \$0.2 billion related to secured credit facilities and \$1.6 billion related to the Company's unsecured line of credit (Refer to Note 8 — "Unsecured Line of Credit" for additional details), that are coming due within 12 months of issuance of the condensed consolidated financial statements. As of March 31, 2026, the Company has \$211.1 million of available liquidity in cash and cash equivalents. Management plans to address upcoming debt maturities by pursuing potential strategic capital transactions and refinancing its remaining debt obligations prior to maturity. Management believes these actions are probable of being completed and that market-based alternatives will be available to support these actions and provide the necessary cash flows to meet its obligations as they come due.

Pursuant to lender agreements for certain of the Company's mortgages, the Company has the ability to draw \$5.0 million for leasing commissions and tenant and building improvements as of March 31, 2026.

The Company's mortgage notes and secured credit facilities may contain customary events of default and covenants, including limitations on liens and indebtedness and maintenance of certain financial ratios. The Company was in compliance with all corporate and all property level financial covenants with no events of default as of March 31, 2026 and December 31, 2025, respectively.

7. Secured Financings on Investments in Real Estate Debt

Secured financings on investments in real estate debt are treated as collateralized financing transactions and are carried at their contractual amounts, including accrued interest, as specified in the respective agreements. Although structured as a sale and repurchase obligation, a secured financing on investments in real estate debt operates as a financing under which securities are pledged as collateral to secure a short-term loan equal in value to a specified percentage of the market value of the pledged collateral. While used as collateral, the Company retains beneficial ownership of the pledged collateral, including the right to distributions. At the maturity of a secured financing on investments in real estate debt, the Company is required to repay the loan and concurrently receive the pledged collateral from the lender or, with the consent of the lender, renew such agreement at the then-prevailing financing rate.

Interest rates on these borrowings are determined based on prevailing rates corresponding to the terms of the borrowings, and interest is paid at the termination of the borrowing at which time the Company may enter into a new borrowing arrangement at prevailing market rates with the same counterparty or repay that counterparty and negotiate financing with a different counterparty.

The fair value of financial instruments pledged as collateral on the Company's secured financings on investments in real estate debt disclosed in the tables below represents the Company's fair value of such instruments, which may differ from the fair value assigned to the collateral by its counterparties.

During June 2022, the Company entered into separate repurchase agreements with Morgan Stanley Bank, N.A. ("Morgan Stanley"), Guardians of New Zealand Superannuation as manager and administrator of the New Zealand Superannuation Fund ("NZ Super"), and BAWAG P.S.K. Bank für Arbeit und Wirtschaft und Österreichische Postsparkasse Aktiengesellschaft ("BAWAG") in order to finance its term loan investment (the "Syndicated RA") to an unaffiliated entity in connection with its acquisition of three Australian hospitality and leisure resorts.

During June 2025, the Company refinanced its secured financings on investments in real estate debt through a series of transactions. The Company amended its repurchase agreement with Morgan Stanley and entered into a repurchase agreement with Barclays Bank PLC ("Barclays"), (Morgan Stanley and Barclays, collectively referred to as "Syndicated RA II"). As a result of the amendment to the repurchase agreement with Morgan Stanley, the Company increased the facility size by AUD 174.0 million to AUD 553.5 million and extended the maturity date from June 2027 to June 2030. The repurchase agreement with Barclays has a facility size of AUD 272.7 million and a maturity date of June 2030. The Company terminated its repurchase agreements with NZ Super and BAWAG. As a result of these transactions, the Company reduced the weighted average spread over the relevant benchmark rate (BBSY) from 2.82% to 2.65%.

During February 2026, Morgan Stanley transferred and assigned a portion of its interest in the repurchase agreement to three parties, including American General Life Insurance Company, The Variable Annual Life Insurance Company, and The United States Life Insurance Company in the City of New York (collectively referred to as "Corebridge").

For financial statement purposes, the Company does not offset its secured financings on investments in real estate debt and securities lending transactions because the conditions for netting as specified by GAAP are not met. Although not offset on the Company's Condensed Consolidated Balance Sheets, these transactions are summarized in the following tables (\$ in thousands):

Indebtedness	Maturity Date	Coupon	March 31, 2026	
			Collateral Assets ⁽¹⁾	Outstanding Balance
Syndicated RA II	June 2030	BBSY + 2.65%	\$ 940,286	\$ 565,864
			<u>\$ 940,286</u>	<u>\$ 565,864</u>

Indebtedness	Maturity Date	Coupon	December 31, 2025	
			Collateral Assets ⁽¹⁾	Outstanding Balance
Syndicated RA II	June 2030	BBSY + 2.65%	\$ 915,431	\$ 550,951
			<u>\$ 915,431</u>	<u>\$ 550,951</u>

⁽¹⁾ Represents the fair value of the Company's investment in real estate debt.

8. Unsecured Line of Credit

In May 2024, the Company entered into an amendment to extend its unsecured line of credit with borrowing capacity of approximately \$1.6 billion for two years, at which time the Company may request an additional one-year extension thereafter. Interest under the unsecured line of credit is determined based on one-month U.S. dollar-denominated SOFR plus 2.5%. The repayment of the unsecured line of credit is guaranteed by the Company. Please refer to Note 6 — "Mortgage Notes and Secured Credit Facilities" for management's plans to address the upcoming debt maturity.

As of March 31, 2026 and December 31, 2025, there were approximately \$1.5 billion and \$1.4 billion of borrowings outstanding on the unsecured line of credit, respectively.

9. Other Assets and Other Liabilities

The following table summarizes the components of Other assets (\$ in thousands):

	March 31, 2026	December 31, 2025
Intangible assets, net	\$ 134,582	\$ 138,796
Receivables	94,142	95,555
Derivative instruments	61,969	83,223
Prepaid expenses	11,879	22,619
Deferred financing costs, net	8,588	9,530
Interest receivable	6,774	211
Other	3,659	3,713
Total other assets	<u>\$ 321,593</u>	<u>\$ 353,647</u>

The following table summarizes the components of Other liabilities (\$ in thousands):

	March 31, 2026	December 31, 2025
Derivative instruments	\$ 56,422	\$ 59,520
Accounts payable and accrued expenses	55,948	69,914
Real estate taxes payable	47,299	61,182
Tenant security deposits	47,291	46,563
Accrued interest expense	46,899	50,262
Distributions payable	39,653	39,888
Deferred tax liabilities	35,222	35,567
Intangible liabilities, net	30,723	32,376
Right-of-use liability - operating leases	12,216	12,242
Deferred income	10,358	8,950
Other taxes payable	9,468	9,019
Other	9,309	7,673
Total other liabilities	<u>\$ 400,808</u>	<u>\$ 433,156</u>

10. Derivatives

The Company uses derivative financial instruments to minimize the risks and/or costs associated with the Company's investments and financing transactions. The Company has not designated any of its derivative financial instruments as hedges as defined under GAAP. Although not designated as hedging instruments under GAAP, the Company's derivatives are not speculative and are used to manage the Company's exposure to interest rate movements, fluctuations in foreign exchange rates, and other identified risks.

The Company's derivative instruments are subject to market risk associated with changes in interest rates and foreign exchange rates. Although these instruments are not designated as accounting hedges, they are economically intended to reduce variability in cash flows.

The use of derivative financial instruments involves certain risks, including the risk that the counterparties to these contractual arrangements do not perform as agreed. To mitigate this risk, the Company enters into derivative financial instruments with counterparties it believes to have appropriate credit ratings and that are major financial institutions with which the Company and its affiliates may also have other financial relationships.

Interest Rate Contracts

Certain of the Company's transactions expose the Company to interest rate risks, which include exposure to variable interest rates on certain loans secured by the Company's real estate in addition to its secured financings of investment in real estate debt. The Company uses derivative financial instruments, which includes interest rate caps and swaps, and may also include options, floors, and other interest rate derivative contracts, to limit the Company's exposure to the future variability of interest rates.

The following tables detail the Company's outstanding interest rate derivatives that were non-designated hedges of interest rate risk (notional amounts in thousands):

March 31, 2026					
Interest Rate Derivatives	Number of Instruments	Notional Amount	Weighted Average Strike Rate	Index	Weighted Average Maturity (Years)
Interest Rate Caps - Property debt	131	\$ 8,313,654	3.8%	SOFR	1.3
Interest Rate Caps - Property debt	2	€ 91,537	1.0%	EURIBOR	0.8
Interest Rate Swaps - Property debt	3	€ 207,721	1.9%	EURIBOR	1.3
Interest Rate Swaps - Property debt	2	NOK 520,000	2.5%	NIBOR	1.9
Total interest rate derivatives	138		3.7%		1.3

December 31, 2025					
Interest Rate Derivatives	Number of Instruments	Notional Amount	Weighted Average Strike Rate	Index	Weighted Average Maturity (Years)
Interest Rate Caps - Property debt	81	\$ 8,319,410	3.1%	SOFR	1.1
Interest Rate Caps - Property debt	2	€ 91,389	1.0%	EURIBOR	0.5
Interest Rate Swaps - Property debt	3	€ 207,721	1.9%	EURIBOR	1.6
Interest Rate Swaps - Property debt	2	NOK 520,000	2.5%	NIBOR	2.1
Total interest rate derivatives	88		3.0%		1.1

Foreign Currency Forward Contracts

Certain of the Company's international investments expose it to fluctuations in foreign currency exchange rates and interest rates. These fluctuations may impact the value of the Company's cash receipts and payments in terms of its functional currency, the U.S. dollar. The Company uses foreign currency forward contracts to protect the value or fix the amount of certain investments or cash flows in terms of the U.S. dollar.

The following table details the Company's outstanding foreign currency forward contracts that were non-designated hedges of foreign currency risk (notional amounts in thousands):

Foreign Currency Forward Contracts	March 31, 2026			December 31, 2025		
	Number of Instruments	Notional Amount		Number of Instruments	Notional Amount	
Buy USD/Sell EUR Forward	27	€	510,897	39	€	531,769
Buy USD/Sell DKK Forward	4	DKK	1,135,567	6	DKK	1,156,784
Buy USD/Sell AUD Forward	16	AUD	1,823,695	15	AUD	1,807,627
Buy USD/Sell NOK Forward	9	NOK	406,300	12	NOK	410,700

Valuation and Financial Statement Impact

The following table details the fair value of the Company's derivative financial instruments (\$ in thousands):

	Fair Value of Derivatives in an Asset ⁽¹⁾ Position		Fair Value of Derivatives in a Liability ⁽²⁾ Position	
	March 31, 2026	December 31, 2025	March 31, 2026	December 31, 2025
Interest rate derivatives	\$ 44,956	\$ 75,648	\$ —	\$ —
Foreign currency forward contracts	17,013	7,575	56,422	59,520
Total derivatives	\$ 61,969	\$ 83,223	\$ 56,422	\$ 59,520

⁽¹⁾ Included in Other assets on the Company's Condensed Consolidated Balance Sheets.

⁽²⁾ Included in Other liabilities on the Company's Condensed Consolidated Balance Sheets.

The following table details the effect of the Company's derivative financial instruments in the Condensed Consolidated Statements of Operations and Comprehensive Loss (\$ in thousands):

Type of Derivative	Net Realized/Unrealized Gain (Loss)	For the Three Months Ended March 31,	
		2026	2025
Interest Rate Caps - Property debt	Unrealized gain (loss) ⁽¹⁾	\$ 26,442	\$ (68,049)
Interest Rate Swaps - Property debt	Unrealized gain (loss) ⁽¹⁾	2,173	(824)

Foreign Currency Forward Contracts	Realized (loss) gain ⁽¹⁾	(3,863)	837
Interest Rate Caps - Property debt	Realized (loss) gain ⁽¹⁾	(32,997)	608
Total		\$ 4,292	\$ (88,507)

⁽¹⁾ Included in Other income (expense), net in the Company's Condensed Consolidated Statements of Operations and Comprehensive Loss.

⁽²⁾ A portion of this amount is included within Income from investments in real estate debt, net and the remaining amount is included within Other income (expense), net in the Company's Condensed Consolidated Statements of Operations and Comprehensive Loss.

11. Equity and Redeemable Non-controlling Interests

Authorized Capital

The Company is authorized to issue preferred stock and four classes of common stock consisting of Class T shares, Class S shares, Class D shares, and Class I shares. The Company's board of directors has the ability to establish the preferences and rights of each class or series of preferred stock, without stockholder approval, and as such, it may afford the holders of any series or class of preferred stock preferences, powers and rights senior to the rights of holders of common stock. The differences among the common share classes relate to upfront selling commissions, dealer manager fees and ongoing stockholder servicing fees. Refer to Note 2 — "Summary of Significant Accounting Policies" to the Company's consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2025, for a further description of such items. Other than the differences in upfront selling commissions, dealer manager fees and ongoing stockholder servicing fees, each class of common stock is subject to the same economic and voting rights.

As of March 31, 2026 and December 31, 2025, the Company had the authority to issue 3,100,000,000 shares of capital stock, consisting of the following:

Classification	Number of Shares	Par Value
Preferred Stock	100,000,000	\$ 0.01
Class T Shares	500,000,000	\$ 0.01
Class S Shares	1,000,000,000	\$ 0.01
Class D Shares	500,000,000	\$ 0.01
Class I Shares	1,000,000,000	\$ 0.01
Total	3,100,000,000	

Common Stock

The following tables detail the movement in the Company's outstanding shares of common stock:

	Three Months Ended March 31, 2026				
	Class T	Class S	Class D	Class I	Total
December 31, 2025	4,785,065	175,605,537	24,744,496	186,884,080	392,019,178
Common stock shares issued ⁽¹⁾	(129,548)	(418,216)	(184)	1,757,713	1,209,765

⁽¹⁾ Includes exchanges between share classes.

Share Repurchases

The Company has adopted a share repurchase plan whereby, subject to certain limitations, stockholders may request on a monthly basis that the Company repurchases all or any portion of their shares. Should repurchase requests, in the Company's judgment, place an undue burden on its liquidity, adversely affect its operations or risk having an adverse impact on the Company as a whole, or should the Company otherwise determine that investing its liquid assets in real properties or other illiquid investments rather than repurchasing its shares is in the best interests of the Company as a whole, then the Company may choose to repurchase fewer shares than have been requested to be repurchased, or none at all. Further, the Company's board of directors may modify or suspend the Company's share repurchase plan if it deems such action to be in the Company's best interest and in the best interest of its stockholders. In addition, the total amount of shares that the Company may repurchase is limited. From the Company's inception until its share repurchase plan was amended as described below, the total amount of shares that the Company could repurchase was limited, in any calendar month, to shares whose aggregate value (based on the repurchase price per share on the date of the repurchase) was no more than 2% of its aggregate net asset value ("NAV") per month (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding month) and no more than 5% of its aggregate NAV per calendar quarter (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding quarter).

On May 23, 2024, the Company amended its share repurchase plan such that, beginning with repurchases during the month of May 2024, the Company limited share repurchases to 0.33% of NAV per month and, beginning on July 1, 2024, the Company limited share repurchases to 1% of NAV per quarter.

On June 6, 2025, the Company further amended its share repurchase plan such that, beginning with repurchases during the month of June 2025, the Company limits share repurchases to 0.5% of NAV per month (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding month) and beginning on July 1, 2025, the Company limits share repurchases to 1.5% of NAV per quarter (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding quarter). As a result, the limit for the quarter ended March 31, 2026 was approximately 1.5% of the

Company's aggregate NAV (measured using the Company's aggregate NAV attributable to stockholders as of December 31, 2025).

In the event that the Company determines to repurchase some but not all of the shares submitted for repurchase during any month (including where repurchase requests exceed the monthly or quarterly limits), shares submitted for repurchase during such month will be repurchased subject to the following repurchase priority. First, repurchase requests made upon the death or qualifying disability of a stockholder who is a natural person will be repurchased in full to the extent there are available funds up to a limit of \$5.0 million per month, subject to the terms and conditions regarding the death or qualifying disability for waivers of the Early Repurchase Deduction set forth in the share repurchase plan. To the extent such repurchase requests exceed the \$5.0 million per month limit, such requests will be satisfied in the order of the date of death or qualifying disability, beginning with the earliest of such date, and any unfulfilled requests will be repurchased on a pro rata basis with all other repurchase requests for such month. Second, repurchase requests that would result in an account, including accounts in certain feeder funds created to hold the Company's shares, having a balance below \$2,500 will be repurchased in full to the extent there are available funds. Thereafter, any remaining funds will be used to repurchase all other shares submitted for repurchase during such month on a pro rata basis.

For the three months ended March 31, 2026, the Company repurchased approximately 6.0 million shares of common stock, representing a total of approximately \$120.3 million. For the three months ended March 31, 2025, the Company repurchased approximately 4.0 million shares of common stock, representing a total of approximately \$87.3 million.

See Note 16 for information regarding subsequent amendments to the Company's share repurchase plan.

Distributions

The Company generally intends to distribute substantially all of its taxable income, which does not necessarily equal net earnings as calculated in accordance with GAAP, to its stockholders each year to comply with the REIT provisions of the Code.

Each class of common stock receives the same gross distribution per share. The net distribution varies for each class based on the applicable stockholder servicing fee, which is deducted from the monthly distribution per share and is paid directly to the applicable distributor.

The following table details the aggregate distributions declared for each applicable class of common stock:

	Three Months Ended March 31, 2026			
	Class T	Class S	Class D	Class I
Aggregate gross distributions declared per share of common stock	\$ 0.3105	\$ 0.3105	\$ 0.3105	\$ 0.3105
Stockholder servicing fee per share of common stock	(0.0417)	(0.0420)	(0.0121)	—
Net distributions declared per share of common stock	<u>\$ 0.2688</u>	<u>\$ 0.2685</u>	<u>\$ 0.2984</u>	<u>\$ 0.3105</u>

Redeemable Non-controlling Interests

In connection with its performance participation interest, the Special Limited Partner holds Class I units in the Operating Partnership. See Note 12 for further details of the Special Limited Partner's performance participation interest. Because the Special Limited Partner has the ability to redeem its Class I units for cash, at its election, the Company has classified these Class I units as Redeemable non-controlling interest in mezzanine equity on the Company's Condensed Consolidated Balance Sheets. The redeemable non-controlling interest is recorded at the greater of the carrying amount, adjusted for its share of the allocation of income or loss and distributions, or the redemption value, which is equivalent to fair value, of such units at the end of each measurement period. In addition to the Special Limited Partner's interest noted above, certain third parties also have a redeemable non-controlling interest.

The following tables detail the redeemable non-controlling interests activity related to the Special Limited Partner and third-party Operating Partnership unitholders for the three months ended March 31, 2026 and 2025 (\$ in thousands):

	Special Limited Partner ⁽¹⁾	Third-party Operating Partnership unitholders	Total
Balance at December 31, 2025	\$ 258,241	\$ 140,860	\$ 399,101
Settlement of performance participation allocation	—	—	—
GAAP loss allocation	(3,949)	(2,154)	(6,103)
Distributions	(4,016)	(2,191)	(6,207)
Fair value allocation	3,834	2,092	5,926
Balance at March 31, 2026	<u>\$ 254,110</u>	<u>\$ 138,607</u>	<u>\$ 392,717</u>

	Special Limited Partner ⁽¹⁾	Third-party Operating Partnership unitholders	Total
Balance at December 31, 2024	\$ 280,872	\$ 154,006	\$ 434,878
Settlement of performance participation allocation	—	—	—
GAAP loss allocation	(6,016)	(3,299)	(9,315)
Distributions	(4,016)	(2,202)	(6,218)

Balance at March 31, 2025	<u>\$ 273,489</u>	<u>\$ 149,958</u>	<u>\$ 423,447</u>

⁽¹⁾ Includes units transferred to Barry S. Sternlicht, which are deemed to be beneficially owned by Mr. Sternlicht.

12. Related Party Transactions

Management Fee and Performance Participation Allocation

Prior to May 2024, the Advisor was entitled to an annual management fee equal to (i) 1.25% of the Company's NAV per annum payable monthly, before giving effect to any accruals for the management fee, the stockholder servicing fee, the performance participation interest or any distributions, plus (ii) 1.25% per annum of the aggregate DST Property consideration for all DST Properties subject to the fair market value option held by the Operating Partnership. For avoidance of doubt, the Advisor does not receive a duplicative management fee with respect to any DST Property. Additionally, to the extent the Operating Partnership issues Operating Partnership units to parties other than the Company, the Operating Partnership will pay the Advisor an annual management fee equal to 1.25% of the Operating Partnership's NAV attributable to such Operating Partnership units not held by the Company, payable monthly. The management fee can be paid, at the Advisor's election, in cash, shares of common stock, or Operating Partnership units.

In connection with the share repurchase plan amendment, the Advisor has agreed, commencing with the month of May 2024, to waive 20% of its management fee, thereby reducing it from 1.25% of NAV to 1% of NAV, until the Company's share repurchase plan has been reinstated to the monthly repurchase limit of 2% of NAV (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding month) and quarterly repurchase limit of 5% of NAV (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding quarter).

During the three months ended March 31, 2026 and 2025, the Company incurred management fees of approximately \$20.4 million and approximately \$22.8 million, respectively.

To date, the Advisor has elected to receive the management fee in shares of the Company’s common stock. During January 2026, the Company issued 346,519 unregistered Class I shares to the Advisor as payment for the \$6.9 million management fee accrued as of December 31, 2025. For the three months ended March 31, 2026, the Company issued 690,530 unregistered Class I shares to the Advisor as payment for the management fee incurred through February 2026 and also had a payable of approximately \$6.8 million related to the management fee as of March 31, 2026, which is included in Due to affiliates on the Company’s Condensed Consolidated Balance Sheets. In April 2026, the Company issued 343,930 unregistered Class I shares to the Advisor as payment for the \$6.8 million management fee accrued as of March 31, 2026. The shares issued to the Advisor for payment of the management fee were issued at the applicable NAV per share at the end of each month for which the fee was earned.

Additionally, the Special Limited Partner, an affiliate of the Advisor, holds a performance participation interest in the Operating Partnership that entitles it to receive an allocation of the Operating Partnership’s total return to its capital account. Total return is defined as distributions paid or accrued plus the change in NAV. Under the Operating Partnership’s limited partnership agreement, the annual total return will be allocated solely to the Special Limited Partner after the other unit holders have received a total return of 5% (after recouping any loss carryforward amount) and such allocation will continue until the allocation between the Special Limited Partner and all other unit holders is equal to 12.5% and 87.5%, respectively. Thereafter, the Special Limited Partner will receive an allocation of 12.5% of the annual total return. The annual distribution of the performance participation interest will be paid in cash or Class I units of the Operating Partnership, at the election of the Special Limited Partner. During the three months ended March 31, 2026 and 2025, the Company did not recognize a performance participation allocation as the return hurdles were not achieved.

Related Party Share Ownership

As of March 31, 2026, the Advisor, its employees, its affiliates, including the Company’s executive officers, and the Company’s independent directors hold an aggregate of \$528.8 million in the Company, across shares of common stock of the Company and Class I units in the Operating Partnership.

During the three months ended March 31, 2026 and 2025, the Company did not repurchase any shares outside of its share repurchase plan, respectively.

Due to Affiliates

The following table details the components of Due to affiliates (\$ in thousands):

	March 31, 2026	December 31, 2025
Accrued stockholder servicing fee	\$ 215,428	\$ 224,332
Performance participation allocation	—	—
Accrued management fee	6,757	6,918
Advanced operating expenses	2,980	638
Accrued affiliate service provider expenses	1,612	3,921
Total	<u>\$ 226,777</u>	<u>\$ 235,809</u>

Accrued stockholder servicing fee

The Company accrues the full amount of the future stockholder servicing fees payable to the Starwood Capital, L.L.C. (the “Dealer Manager”) for Class T shares, Class S shares, and Class D shares up to the 8.75% limit at the time such shares are sold. The Dealer Manager has entered into agreements with the participating broker dealers distributing the Company’s shares in the public offerings, which provide, among other things, for the re-allowance of the full amount of the selling commissions and dealer manager fees and all or a portion of the stockholder servicing fees received by the Dealer Manager to such participating broker dealers.

Accrued affiliate service provider expenses

The Company has engaged and expects to continue to engage Highmark Residential (formerly Milestone Management), a portfolio company owned by an affiliate of the Sponsor, to provide day-to-day operational and management services (including leasing, construction management, revenue management, accounting, legal and contract management, expense management, and capital expenditure projects and transaction support services) for a portion of the Company’s multifamily properties. The cost for such services is a percentage of the gross receipts and project costs, respectively, (which will be reviewed periodically and adjusted if appropriate), plus actual costs allocated for transaction support services. During the three months ended March 31, 2026 and 2025, the Company incurred approximately \$8.2 million and \$7.9 million of expenses due to Highmark Residential in connection with its operational and management services, respectively. These amounts are included in Property operating expenses on the Company’s Condensed Consolidated Statements of Operations and Comprehensive Loss.

The Company has engaged Rinaldi, Finkelstein & Franklin L.L.C. (“RFF”), a law firm owned and controlled by Ellis F. Rinaldi, Co-General Counsel and Senior Managing Director of the Sponsor and certain of its affiliates, to provide corporate legal support services to the Company. During the three months ended March 31, 2026 and 2025, the amounts incurred for services provided by RFF were \$0.1 million and \$0.1 million, respectively.

The Company has engaged Essex Title, LLC (“Essex”), a title agent company majority owned by Starwood Capital. Essex acts as an agent for one or more underwriters in issuing title policies and/or providing support services in connection with investments by the Company, Starwood Capital and its affiliates and third parties. Essex focuses on transactions in rate-regulated states where the cost of title insurance is non-negotiable. Essex will not perform services in non-regulated states for the Company, unless (i) in the context of a portfolio transaction that includes properties in rate-regulated states, (ii) as part of a syndicate of title insurance companies where the rate is negotiated by other insurers or their agents, (iii) when a third party is paying all or a material portion of the premium or (iv) when providing only support services to the underwriter. Essex earns fees, which would have otherwise been paid to third parties, by providing title agency services and facilitating placement of title insurance with underwriters. Starwood Capital receives distributions from Essex in connection with investments by the Company based on its equity interest in Essex. In each case, there will be no related offset to the Company. During the three months ended March 31, 2026 and 2025, the Company incurred approximately \$1.5 million and \$0.1 million, respectively, of expenses for services provided by Essex.

The Company has engaged Starwood Retail Partners to provide leasing and legal services for any retail and certain industrial and other properties the Company acquires. During the three months ended March 31, 2026 and 2025, the Company incurred an insignificant amount and approximately \$0.1 million of expenses from Starwood Retail Partners, respectively.

The Company has incurred legal expenses from third party law firms whose lawyers have been seconded to affiliates of Starwood Capital for the purpose of providing legal services in Europe to investment vehicles sponsored by Starwood Capital. During the three months ended March 31, 2026 and 2025, the Company incurred an insignificant amount of expenses relating to these services provided.

The Company has engaged STR Management Co, LLC, an affiliate of the Advisor, to provide property management services to certain of the Company’s residential units that function as short term rental assets. The costs for such services is a percentage of gross revenue produced by the short-term rentals on a monthly basis. During the three months ended March 31, 2026 and 2025, the Company incurred approximately \$0.2 million and \$0.4 million of expenses for services provided from SCG STR Management Co, LLC, respectively.

The Company has entered into an agreement with an affiliate of Starwood Global Opportunity Fund XI to assist with property management of the Company’s assets in Spain and Italy. The Starwood Capital Group (“SCG”) Southern Europe Team charges market fees for such property management services. During the three months ended March 31, 2026 and 2025, the amounts incurred for services provided by the SCG Southern Europe Team was \$0.1 million and \$0.1 million, respectively.

Advanced operating expenses

For the three months ended March 31, 2026 and 2025, the Advisor incurred approximately \$4.6 million and \$4.2 million, respectively, of expenses on the Company’s behalf for general corporate expenses. Such amounts are generally reimbursed to the Advisor one month in arrears. These amounts are primarily included in General and administrative expenses on the Company’s Condensed Consolidated Statements of Operations and Comprehensive Loss.

DST Program expenses

During the three months ended March 31, 2026 and 2025, the Company incurred an insignificant amount of expenses in connection with the DST Program, respectively.

13. Commitments and Contingencies

As of March 31, 2026 and December 31, 2025, the Company is not subject to any material litigation nor is the Company aware of any material litigation threatened against it.

14. Leases

Lessee

Certain of the Company’s investments in real estate are subject to a ground lease. The Company’s ground leases are classified as right of use liability – operating leases based on the characteristics of the respective lease. Right-of-use liabilities are presented within Other liabilities on the Company’s Condensed Consolidated Balance Sheets. The ground leases were acquired as part of the acquisition of

real estate and no incremental costs were incurred for such ground leases. The Company's ground leases are non-cancelable and do not contain any additional renewal options.

The following table presents the future lease payments due under the Company's ground leases as of March 31, 2026 (\$ in thousands):

Year	Operating Leases
2026 (remaining)	\$ 535
2027	714
2028	714
2029	714
2030	743
2031	746
Thereafter	22,864
Total undiscounted future lease payments	27,030
Difference between undiscounted cash flows and discounted cash flows	(14,814)
Total right-of-use liabilities	\$ 12,216

The Company utilized its incremental borrowing rate, which was between 4.5% and 6%, to determine its lease liabilities. As of March 31, 2026, the weighted average remaining lease term of the Company's operating leases was 34 years.

Payments under the Company's ground leases contain fixed payment components. The Company's ground leases contained escalations prior to the Company's hold period.

Lessor

The Company's rental revenue primarily consists of rent earned from operating leases at the Company's multifamily, industrial, office and other properties. Leases at the Company's industrial, office and other properties generally include a fixed base rent and certain leases also contain a variable component. The variable component of the Company's operating leases at its industrial, office and other properties primarily consist of the reimbursement of operating expenses such as real estate taxes, insurance, and common area maintenance costs.

Leases at the Company's industrial, office and other properties are generally longer term and may contain extension and termination options at the lessee's election. The Company's rental revenue earned from leases at the Company's multifamily and certain other properties, including single-family rental and self-storage properties, primarily consists of a fixed base rent and certain leases contain a variable component that allows for the pass-through of certain operating expenses such as utilities. Leases at the Company's multifamily and certain other properties, including single-family rental and self-storage properties, are short term in nature, generally not greater than 12 months in length.

The following table summarizes the fixed and variable components of the Company's operating leases (\$ in thousands):

	For the Three Months Ended March 31,	
	2026	2025
Fixed lease payments	\$ 350,404	\$ 360,306
Variable lease payments	35,310	33,744
Rental revenue	\$ 385,714	\$ 394,050

The following table presents the undiscounted future minimum rents the Company expects to receive for its industrial, office, and certain other properties as of March 31, 2026 (\$ in thousands). The table excludes leases at the Company's multifamily and certain other properties including single-family and self-storage properties, which are short term, generally 12 months or less, and are therefore not included pursuant to Accounting Standards Codification 842-20-50.

Year	Future Minimum Rents	
2026 (remaining)	\$	192,444
2027		248,717
2028		218,473
2029		190,111
2030		159,720
2031		112,414
Thereafter		266,428
Total	\$	<u>1,388,307</u>

15. Segment Reporting

The Company operates in five reportable segments: Multifamily properties, Industrial properties, Office properties, Other properties and Investments in real estate debt. The chief operating decision maker (the “CODM”) is the Company’s Chief Executive Officer, who manages the Company, including allocating resources and evaluating results based on the performance of each segment individually. The Company believes that segment net operating income is the key performance metric that captures the unique operating characteristics of each segment. The Company allocates resources and evaluates results based on the performance of each segment individually. All property revenue and property operating expenses are disaggregated by operating segment. The CODM does not evaluate general and administrative expenses, management fee expenses, depreciation and amortization expense, interest expense, other income (expense), net, impairment of investments in real estate, net gain (loss) on dispositions of real estate, or losses on extinguishment of debt by segment.

The following table sets forth the total assets by segment (\$ in thousands):

	<u>March 31, 2026</u>	<u>December 31, 2025</u>
Multifamily	\$ 12,835,142	\$ 12,993,713
Industrial	2,167,136	2,189,423
Office	1,572,423	1,593,352
Other properties ⁽¹⁾	1,174,564	1,183,005
Investments in real estate debt	940,286	915,431
Other (Corporate)	55,008	42,938
Total assets	<u>\$ 18,744,559</u>	<u>\$ 18,917,862</u>

⁽¹⁾ Other properties includes hospitality, single-family rental, self-storage, medical office and retail properties and two investments in unconsolidated real estate ventures.

The following table sets forth the financial results by segment for the three months ended March 31, 2026 (\$ in thousands):

	Multifamily	Industrial	Office	Other	Investments in Real Estate Debt	Total
Revenues:						
Rental revenue	\$ 287,775	\$ 40,692	\$ 40,786	\$ 16,461	\$ —	\$ 385,714

16. Subsequent Events

Financing and Capital Activity

During the period from April 1, 2026 through May 11, 2026, the Company repurchased \$0.1 billion of common stock through its share repurchase plan.

During the period from April 1, 2026 through May 11, 2026, the Company received approximately \$0.1 billion of net borrowings on its unsecured line of credit and its senior secured revolving credit facility.

Share Repurchase Plan

Effective April 29, 2026, the Company amended its share repurchase plan, beginning with repurchases submitted during the month of April 2026 such that (i) repurchase requests made upon the death or qualifying disability of a stockholder who is a natural person will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month; and (ii) repurchase requests for accounts having a balance below \$5,000 will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month. As a result, no repurchase requests will be accepted except in connection with (i) and (ii) above.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

References herein to "Starwood Real Estate Income Trust, Inc.," "Company," "we," "us," or "our" refer to Starwood Real Estate Income Trust, Inc. and its subsidiaries unless the context specifically requires otherwise.

The following discussion should be read in conjunction with the unaudited condensed consolidated financial statements and notes thereto appearing elsewhere in this Quarterly Report on Form 10-Q. In addition to historical data, this discussion contains forward-looking statements about our business, operations and financial performance based on current expectations that involve risks, uncertainties and assumptions. Our actual results may differ materially from those in this discussion as a result of various factors, including but not limited to those discussed under Item 1A. "Risk Factors" in our Annual Report on Form 10-K filed with the SEC on March 20, 2026 and elsewhere in this Quarterly Report on Form 10-Q. We do not undertake to revise or update any forward-looking statements.

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act of 1934, as amended (the "Exchange Act"). Forward-looking statements include statements about our business, including, in particular, statements about our plans, strategies and objectives. Forward-looking statements can generally be identified by our use of forward-looking terminology such as "may," "will," "expect," "intend," "anticipate," "estimate," "believe," "continue" or other similar words. These statements include our plans and objectives for future operations, including plans and objectives relating to future growth and availability of funds for repurchases, and are based on current expectations that involve numerous risks and uncertainties. Assumptions relating to these statements involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to accurately predict and many of which are beyond our control.

Although we believe the assumptions underlying the forward-looking statements, and the forward-looking statements themselves, are reasonable, any of the assumptions could be inaccurate and, therefore, there can be no assurance that these forward-looking statements will prove to be accurate and our actual results, performance and achievements may be materially different from that expressed or implied by these forward-looking statements. In light of the significant uncertainties inherent in these forward looking statements, the inclusion of this information should not be regarded as a representation by us or any other person that our objectives and plans, which we consider to be reasonable, will be achieved.

You should carefully review Item 1A. "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2025, and elsewhere in this Quarterly Report on Form 10-Q for a discussion of the risks and uncertainties that we believe are material to our business, operating results, prospects and financial condition. Except as otherwise required by federal securities laws, we do not undertake to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Overview

We were formed on June 22, 2017 as a Maryland corporation to invest primarily in stabilized, income-oriented commercial real estate and debt secured by commercial real estate. Our portfolio is principally comprised of properties located in the United States and is diversified on a global basis through investments in properties outside of the United States, with a focus on Europe. To a lesser extent, we also invest in real estate debt, including loans secured by real estate and real estate-related securities. We are an externally advised, perpetual-life REIT. We own all or substantially all of our assets through the Operating Partnership, of which we are the sole general partner. We and the Operating Partnership are externally managed by the Advisor.

Our board of directors has at all times oversight and policy-making authority over us, including responsibility for governance, financial controls, compliance and disclosure. Pursuant to an advisory agreement among the Advisor, the Operating Partnership and us (the "Advisory Agreement"), we have delegated to the Advisor the authority to source, evaluate and monitor our investment opportunities and make decisions related to the acquisition, management, financing and disposition of our assets, in accordance with our investment objectives, guidelines, policies and limitations, subject to oversight by our board of directors.

We have elected to be taxed as a REIT under the Code for U.S. federal income tax purposes, commencing with our taxable year ended December 31, 2019. We generally will not be subject to U.S. federal income taxes on our taxable income to the extent we annually distribute all of our net taxable income (determined without regard to our net capital gain and dividends-paid deduction) to stockholders and maintain our qualification as a REIT.

Public Offerings

On December 27, 2017, we commenced our initial public offering of up to \$5.0 billion in shares of our common stock. On June 2, 2021, our initial public offering terminated and we commenced our follow-on public offering of up to \$10.0 billion in shares of common stock.

On February 4, 2026, our third public offering terminated, and we commenced our fourth public offering of up to \$10.0 billion in shares of common stock, consisting of up to \$9.5 billion in shares in our primary offering and up to \$0.5 billion in shares pursuant to our distribution reinvestment plan. We intend to continue selling shares in our fourth public offering on a monthly basis.

As of May 11, 2026, we had received net proceeds of \$14.3 billion from the sale of our common stock through our public offerings. We have contributed the net proceeds from our public offerings to the Operating Partnership in exchange for a corresponding number of Class T, Class S, Class D and Class I units. The Operating Partnership has primarily used the net proceeds to make investments in real estate and real estate debt as further described below under “Portfolio.”

DST Program

In April 2024, we, through the Operating Partnership, commenced the DST Program to issue and sell up to a maximum aggregate offering amount of \$1.0 billion of DST Interests in specific DSTs holding one or more DST Properties. These DST Interests will be issued and sold to “accredited investors,” as that term is defined under Regulation D promulgated by the SEC under the Securities Act, in private placements exempt from registration pursuant to Section 4(a)(2) of the Securities Act (the “DST Offerings”).

Under the DST Program, each DST Property may be sourced from our real properties or from third parties, which will be held in a DST are leased-back to a wholly owned subsidiary of the Operating Partnership on a long-term basis through January 2, 2031, unless sooner terminated pursuant to master lease agreements. Each master lease agreement will be guaranteed by the Operating Partnership, which will retain a fair market value option (the “FMV Option”), giving it the right, but not the obligation, to acquire the DST Interests in the applicable DST from the investors in exchange for Operating Partnership units or cash, at the Operating Partnership’s discretion. Such FMV Option shall be exercisable any time after two years from the closing of the applicable DST Offering. The Operating Partnership, in its sole and absolute discretion, may assign its rights in the FMV Option to a subsidiary, an affiliate, a successor entity to the Operating Partnership or the acquirer of a majority of the Operating Partnership’s assets. After a one-year holding period, investors who acquire Operating Partnership units pursuant to the FMV Option generally have the right to cause the Operating Partnership to redeem all or a portion of their Operating Partnership units for, at our sole discretion, shares of our common stock, cash, or a combination of both.

We expect that the DST Program will give us the opportunity to expand and diversify our capital-raising strategies by offering what we believe to be an attractive investment product for investors that may be seeking like-kind replacement properties to complete tax-deferred exchange transactions under Section 1031 of the Code. Affiliates of the Advisor are expected to receive fees in connection with the sale of the DST Interests and the management of the DSTs. We intend to use the net offering proceeds from the DST Program to make investments in accordance with our investment strategy and policies, reduce our borrowings, repay indebtedness, fund the repurchase of shares of all classes of our common stock under our share repurchase plan and for other corporate purposes.

As of March 31, 2026, we have raised approximately \$63.5 million in gross offering proceeds through the DST Program.

Investment Objectives

Our investment objectives are to invest in assets that will enable us to:

- provide current income in the form of regular, stable cash distributions to achieve an attractive distribution yield;
- preserve and protect invested capital;
- realize appreciation in NAV from proactive investment management and asset management; and
- provide an investment alternative for stockholders seeking to allocate a portion of their long-term investment portfolios to commercial real estate with lower volatility than publicly traded real estate companies.

We cannot assure you that we will achieve our investment objectives. See Item 1A. “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2025 for additional details.

Recent Developments

Portfolio Update

We own a diversified, hard-to-replicate portfolio of 598 income-producing properties valued at approximately \$22.4 billion with an approximate 94% occupancy as of March 31, 2026. The portfolio is concentrated in the fastest-growing regions of the country, with approximately 71% of our value allocated to multifamily housing, a sector that is less exposed to technological disruption and risk.

The Company is among the largest owners of multifamily apartments in the United States, with more than 63,000 apartment units, including approximately 40,000 market-rate and 23,500 affordable housing units. Our portfolio is concentrated in the Sunbelt markets, including Texas and Florida, two states with no state income taxes that are benefiting from population and employment growth.

Furthermore, approximately 75% of our multifamily assets are located in the eight states projected to add over one million young adults over the next five years, while the remaining 42 states are projected to lose nearly 900,000 young adults. At our NAV, approximate basis per unit in the market-rate apartments is approximately \$257K, and in the affordable units, approximately \$220K, both well below replacement cost. This is important since future new construction will demand higher rents, allowing us, we hope, to increase rents.

While rents of market-rate apartments have been relatively stagnant over the past few years due to the new supply, that is now rapidly diminishing (approximately 60-70% in some of our markets), occupancy has remained strong, underscoring healthy demand in our markets. Affordability for our tenants has also improved significantly as incomes have grown while rents have remained stable, setting the sector up for renewed growth. As this remaining new supply declines, we expect rent growth to accelerate.

While we wait for revenue growth to return to this sector, we have been very busy over the past 12 months positioning the Company to have a solid balance sheet. Since the beginning of 2025, we have refinanced approximately \$6.1 billion of mortgage financing and extended the average remaining term of our property-level debt to roughly five years, while lowering financing spreads by approximately 12 basis points. This longer-term financing positions us well for long-term sustainable performance.

Strategic Review

As we have shared in previous updates, the issue we are addressing is not the real estate. Rather, it is the pressure created by elevated repurchase requests, which rose quite suddenly when interest rates spiked and have remained high. Over the past several years, we have worked to balance providing liquidity with protecting long-term value. To date, we have redeemed over \$5 billion of shares at NAV, funded in part by approximately \$5.1 billion of dispositions.

In March 2024, we made the decision to slow property sales and wait for improved market conditions. At that time, nearly 80% of our investors had not redeemed, and it did not make sense to sell assets into a challenged market—penalizing those who remained invested in us for the benefit of those who chose to exit.

In April 2026, we implemented a set of actions that we believe are the right ones for the long term and will position the Company to deliver improved performance for all stockholders.

Comprehensive Action Plan

Distribution Adjustment

Beginning with the April 2026 distribution, we are reducing the monthly distribution paid on our common stock. We believe this continues to represent an attractive level of income, particularly given the tax-efficient nature of REIT distributions.

Share Repurchase Plan Amendment

Effective April 29, 2026, and including share repurchase requests submitted for April 2026, we are temporarily suspending repurchases, subject to a few exceptions noted below.

Taking this step now allows us to preserve the opportunity to realize better outcomes as market conditions improve. By retaining capital within the portfolio, we can better support share price stability and performance. We would also expect the war with Iran to conclude, oil prices to subside, inflation to stabilize, and for Kevin Warsh to be seated as Fed Chair, supporting a lower interest rate environment. We will reintroduce liquidity when it can be done in a consistent and sustainable way. Until then, we will honor repurchase requests (i) for accounts having a balance below \$5,000 to the extent there are available funds up to a limit of \$5 million

per month and (ii) in connection with the death or qualifying disability of a stockholder that is a natural person to the extent there are available funds up to a limit of \$5 million per month.

Pursuing Growth Opportunities

We are continuing to actively explore strategic capital raises that would support liquidity and potentially drive additional reliable NAV per share growth through new investments in other real estate sectors. We intend to complement these efforts through strategic asset sales as necessary to generate improved liquidity for our stockholders.

Our goal is straightforward: to have all stockholders benefit from improved performance, and for those seeking liquidity to do so at values that better reflect the stability of the portfolio.

Q1 2026 Highlights

Operating Results:

- Declared monthly net distributions totaling \$119.5 million for the three months ended March 31, 2026. The details of the average annualized distribution rates and total returns are shown in the following table:

	Class T Shares	Class S Shares	Class D Shares	Class I Shares
Average Annualized Distribution Rate	5.4%	5.4%	6.1%	6.3%
Annualized Year-to-Date Total Return, without upfront selling commissions and dealer manager fees	(1.1%)	(1.0%)	(0.4%)	(0.2%)
Annualized Inception-to-Date Total Return, without upfront selling commissions and dealer manager fees	4.5%	4.5%	4.8%	5.2%
Annualized Inception-to-Date Total Return, assuming full upfront selling commissions and dealer manager fees	4.0%	4.0%	4.6%	N/A

Financing Activity:

- Refinanced and closed an aggregate of \$1.7 billion in property-level financing.

Portfolio

Summary of Portfolio

The following chart outlines the percentage of our assets across investments in real estate and our investment in a real estate loan based on fair value as of March 31, 2026:

The following charts further describe the composition of our investments in real estate and our investment in a real estate loan based on fair value as of March 31, 2026:

- (1) Investments in real estate includes our direct property investments and our unconsolidated investments. Our investment in a real estate loan includes our term loan.
- (2) Includes our direct property investments, our unconsolidated investments and our investment in a term loan.
- (3) Geography weighting includes our term loan. Geography weighting is measured as the asset value of real estate properties, unconsolidated real estate ventures, and our investment in a real estate loan for each geographical category against the total value of all (i) real estate properties, (ii) unconsolidated real estate ventures, and (iii) our investment in a real estate loan.

Investments in Real Estate

The following table provides a summary of our portfolio as of March 31, 2026 (\$ in thousands):

Segment	Number of Consolidated Properties	Sq. Feet (in millions) / Number of Units/Keys	Occupancy Rate ⁽¹⁾	Gross Asset Value ⁽²⁾	Segment Revenue for the three months ended March 31, 2026	Percentage of Segment Revenue
Multifamily	271	63,233 units	95%	\$ 15,361,300	\$ 293,085	75%
Industrial	81	15.79 sq. ft.	91%	2,707,581	40,737	10%
Office	20	3.90 sq. ft.	91%	1,539,487	40,832	10%
Other Properties ⁽³⁾⁽⁴⁾	30	N/A ⁽⁵⁾	N/A	932,300	17,626	5%
Total	402			\$ 20,540,668	\$ 392,280	100%

- (1) The occupancy rate for our multifamily investments is defined as the number of leased units divided by the total unit count as of March 31, 2026. The occupancy rate for our industrial and office investments is defined as all leased square footage divided by the total available square footage as of March 31, 2026.
- (2) Based on fair value as of March 31, 2026.
- (3) Includes a 100% interest in a subsidiary with 19 single-family rental units and a 95% interest in a consolidated joint venture with 858 single-family rental units. These are excluded from the number of consolidated properties count.
- (4) Excludes our investments in unconsolidated real estate ventures.
- (5) Includes approximately 2.3 million sq. ft. across our self-storage, medical office and retail properties, 150 keys at our consolidated hospitality property and 877 single-family rental units.

Average Effective Annual Base Rents

The following table provides a summary of the average effective annual base rents across our portfolio as of March 31, 2026:

Property Type	Average Effective Annual Base Rent per Leased Square Foot / Units	
Multifamily ⁽¹⁾	\$	18,258
Industrial ⁽²⁾	\$	8.37
Office ⁽²⁾	\$	34.96

⁽¹⁾ For multifamily properties, average effective annual base rent per leased unit represents the annualized base rent for the three months ended March 31, 2026. The average effective annual base rent includes the effects of rent concessions and abatements and excludes tenant recoveries, straight-line rent and above-market and below-market lease amortization.

⁽²⁾ For industrial and office properties, average effective annual base rent represents the annualized base rent per leased square foot for the three months ended March 31, 2026. The average effective annual base rent includes the effects of rent concessions and abatements and excludes tenant recoveries, straight-line rent and above-market and below-market lease amortization.

The following table provides information regarding our portfolio of real estate properties as of March 31, 2026:

- (1) Certain of the joint venture agreements entered into by us provide the other partner a profits interest based on certain internal rate of return hurdles being achieved. Such investments are consolidated by us and any profits interest due to the other partner will be reported within non-controlling interests in consolidated joint ventures on our Condensed Consolidated Balance Sheets. The table also includes two investments (196 total properties) owned by two unconsolidated real estate ventures.
- (2) The occupancy rate for our multifamily and certain other properties, including single-family rental investments, is defined as the number of leased units divided by the total unit count as of March 31, 2026. The occupancy rate for our industrial and office investments is defined as all leased square footage divided by the total available square footage as of March 31, 2026. The occupancy rate for our other investments, including self-storage investments, is defined as all leased square footage divided by the total available square footage as well as the trailing 12 month average occupancy for hospitality and extended stay investments for the period ended March 31, 2026.
- (3) Held through our DST Program as of March 31, 2026. These properties have been consolidated on our Condensed Consolidated Balance Sheets. Any profit interest due to the third-party investors in the DST Program are reported within non-controlling interests in consolidated joint ventures on our Condensed Consolidated Balance Sheets.
- (4) Includes approximately 2.3 million sq. ft. across our self-storage, medical office and retail properties, 25,188 keys at our hospitality and extended stay properties and 877 single-family rental units.
- (5) Investment in unconsolidated real estate venture.

Impairment of Investments in Real Estate

Management reviews its consolidated real estate properties for impairment each quarter or when there is an event or change in circumstances that indicates an impaired value. If the carrying amount of the real estate investment is no longer recoverable and exceeds the fair value of such investment, an impairment loss is recognized. The impairment loss is recognized based on the excess of the carrying amount of the asset over its fair value. The evaluation of anticipated future cash flows is highly subjective and is based in part on assumptions regarding future occupancy, rental rates and capital requirements that could differ materially from actual results. Since cash flows on real estate properties are considered on an undiscounted basis to determine whether an asset has been impaired, our strategy of holding properties over the long term directly decreases the likelihood of recording an impairment loss. If our strategy changes or market conditions otherwise dictate an earlier sale date, an impairment loss may be recognized, and such loss could be material to our results. If we determine that an impairment has occurred, the affected assets must be reduced to their fair value.

During the three months ended March 31, 2026 and 2025, we did not recognize any impairments on our investments in real estate.

Impairment of Investments in Unconsolidated Real Estate Ventures

Management reviews its investments in unconsolidated joint ventures for impairment each quarter and will record impairment charges when events or circumstances change indicating that a decline in the fair values below the carrying values has occurred and such decline is other-than-temporary. The ultimate realization of the investment in unconsolidated joint ventures is dependent on a number of factors, including the performance of each investment and market conditions.

During the three months ended March 31, 2026 and 2025, we did not recognize any impairments on our investments in unconsolidated real estate ventures.

Investment in Real Estate Debt

The following table details our investment in real estate debt as of March 31, 2026 (\$ in thousands):

Type of Security/Loan	Number of Positions	March 31, 2026			
		Coupon ⁽¹⁾	Maturity Date ⁽²⁾	Cost Basis	Fair Value
Term loan	1	BBSY + 4.75%	June 2030	\$ 956,877	\$ 940,286
Total investment in real estate debt	1	BBSY + 4.75%	June 2030	\$ 956,877	\$ 940,286

(1) The symbol “BBSY” refers to the relevant benchmark rate, which is three-month BBSY.

(2) Maturity date is based on the fully extended maturity date of the underlying collateral.

During June 2022, we provided financing in the form of a term loan to an unaffiliated entity in connection with its acquisition of Australia’s largest hotel and casino company. The loan is in the amount of AUD 1,377 million and has an initial term of five years, with a two-year extension option. The loan is pre-payable at the option of the borrower at any time. During June 2025, we extended the loan term by three years to June 2030.

Lease Expirations

The following table details the expiring leases at our industrial, office and other properties by annualized base rent as of March 31, 2026 (\$ in thousands). The table below excludes our multifamily and certain other properties, including single-family rental and self-storage properties, as substantially all leases at such properties expire within 12 months.

Year	Industrial		Office		Other Properties		Total	
	Annualized Base Rent ⁽¹⁾	% of Total Annualized Base Rent Expiring	Annualized Base Rent ⁽¹⁾	% of Total Annualized Base Rent Expiring	Annualized Base Rent ⁽¹⁾	% of Total Annualized Base Rent Expiring	Annualized Base Rent ⁽¹⁾	% of Total Annualized Base Rent Expiring
2026	\$ 17,071	5%	\$ 5,896	2%	\$ 813	0%	\$ 23,780	7%
2027	28,598	9%	9,392	3%	1,333	0%	39,323	12%
2028	24,422	8%	14,332	5%	1,179	0%	39,933	13%
2029	17,298	5%	8,857	3%	6,837	2%	32,992	10%
2030	17,960	6%	19,989	6%	1,727	1%	39,676	13%
2031	11,587	4%	33,520	11%	847	0%	45,954	15%
2032	10,737	3%	10,395	3%	4,294	1%	25,426	7%
2033	11,561	4%	14,497	5%	2,238	1%	28,296	10%
2034	2,124	1%	5,976	2%	422	0%	8,522	3%
2035	823	0%	947	0%	492	0%	2,262	0%
Thereafter	4,005	1%	23,329	7%	2,842	2%	30,176	10%
Total	\$ 146,186	46%	\$ 147,130	47%	\$ 23,024	7%	\$ 316,340	100%

(1) Annualized base rent is determined from the annualized base rent per leased square foot of the applicable year and excludes tenant recoveries, straight-line rent and above-market and below-market lease amortization.

Certain operating leases contain early termination options that require advance notification and may include payment of penalty, which, in most cases, is substantial enough to be deemed economically disadvantageous by a tenant to exercise. As of March 31, 2026, approximately 1% of our industrial portfolio square footage and approximately 15% of our office portfolio square footage is subject to early termination provisions. Approximately 52% of our office portfolio that is subject to these early termination provisions have early termination dates prior to January 1, 2030.

During the three months ended March 31, 2026, there were no tenants who exercised early lease termination provisions across our industrial and office properties. During the year ended December 31, 2025, three tenants exercised early lease termination provisions, impacting 34,202 square feet across our industrial and office properties, which represents approximately 0.3% of our combined square footage owned across our industrial and office properties.

Results of Operations

The following table sets forth information regarding our consolidated results of operations (\$ in thousands):

	For the Three Months Ended March 31,		2026 vs. 2025
	2026	2025	\$
Revenues			
Rental revenue	\$ 385,714	\$ 394,050	\$ (8,336)
Other revenue	6,566	6,215	351
Total revenues	392,280	400,265	(7,985)
Expenses			
Property operating	160,119	171,105	(10,986)

Net loss	(119,868)	(187,574)	67,706
Net loss attributable to non-controlling interests in consolidated joint ventures	911	1,079	(168)
Net loss attributable to non-controlling interests in Operating Partnership	6,103	9,315	(3,212)
Net loss attributable to stockholders	\$ (112,854)	\$ (177,180)	\$ 64,326

Revenues

Rental revenue primarily consists of base rent arising from tenant leases at our multifamily, industrial, office and other properties. Rental revenue is recognized on a straight-line basis over the life of the lease, including any rent steps or abatement provisions. During the three months ended March 31, 2026 and 2025, rental revenue was \$385.7 million and \$394.1 million, respectively. The decrease in rental revenue was driven by the impact of asset sales during the year ended December 31, 2025.

Other revenue primarily consists of revenue generated by our hospitality properties. Hospitality revenue consists primarily of room revenue. During the three months ended March 31, 2026 and 2025, other revenue was \$6.6 million and \$6.2 million, respectively, resulting in a year over year increase of approximately \$0.4 million, driven by an increase in other revenue at our multifamily properties, partially offset by a reduction in other revenue at our hospitality properties due to an asset sale during the three months ended March 31, 2025.

Expenses

Property operating expenses consist of the costs of ownership and operation of our real estate investments. Examples of property operating expenses include real estate taxes, insurance, utilities and repair and maintenance expenses. Property operating expenses also include general and administrative expenses unrelated to the operations of the properties. During the three months ended March 31, 2026 and 2025, property operating expenses were \$160.1 million and \$171.1 million, respectively. The decrease was driven primarily by the impact of asset sales during the year ended December 31, 2025.

General and administrative expenses are corporate-level expenses that relate mainly to our compliance and administration costs and consist primarily of legal fees, accounting fees, transfer agent fees and other professional fees. During the three months ended March 31, 2026, general and administrative expenses increased \$0.6 million compared to the three months ended March 31, 2025 primarily due to an increase in legal and other professional fee expenses associated with property-level refinancings.

Management fees are earned by our Advisor for providing services pursuant to the Advisory Agreement. During the three months ended March 31, 2026 and 2025, management fees were \$20.4 million and \$22.8 million, respectively. The decrease was primarily driven by the reduction in our average NAV from March 31, 2025 to March 31, 2026.

Performance participation allocation relates to allocations from the Operating Partnership to the Special Limited Partner based on the total return of the Operating Partnership. Total return is defined as distributions paid or accrued plus the change in NAV. The performance participation allocation is measured annually and any amount earned by the Special Limited Partner becomes payable as of December 31 of the applicable year. During the three months ended March 31, 2026 and 2025, there was no performance participation allocation as the return hurdle was not achieved.

During the three months ended March 31, 2026 and 2025, we did not recognize any impairments on our investments in real estate.

Depreciation and amortization expenses are impacted by the values assigned to buildings, personal property and in-place lease assets as part of the initial purchase price allocation. During the three months ended March 31, 2026 and 2025, depreciation and amortization expenses were \$177.6 million and \$172.9 million, respectively. The increase in depreciation expense was driven by an increase in depreciation expense on our multifamily properties during the three months ended March 31, 2026 compared to the three months ended March 31, 2025.

Other Expense

During the three months ended March 31, 2026 and 2025, loss from unconsolidated real estate ventures was (\$2.9) million and (\$1.8) million, respectively, driven by lower property net operating income on one of our unconsolidated real estate venture investments.

During the three months ended March 31, 2026 and 2025, income from investments in real estate debt, net was \$20.1 million and \$19.6 million, respectively, which consisted of interest income, realized losses, and unrealized gains and losses resulting from changes in the fair value of our real estate debt investments and related hedges. The increase was primarily attributable to an increase in interest income on our one floating-rate term loan investment.

During the three months ended March 31, 2026, we recorded (\$0.1) million of net losses from the disposition of one single-family rental unit. During the three months ended March 31, 2025, we recorded \$9.7 million of net gains from the disposition of 43 industrial properties, 13 multifamily properties, one hospitality property, and 16 single-family rental units.

During the three months ended March 31, 2026 and 2025, interest expense was \$172.3 million and \$152.2 million, respectively, which primarily consisted of interest expense incurred on our mortgage notes, secured credit facilities, line of credit and borrowings under our secured financing on investments in real estate debt. The increase was primarily driven by an increase in interest expense of \$17.0 million on our mortgage notes and an increase in interest expense of \$1.8 million on our unsecured line of credit during the three months ended March 31, 2026 compared to the three months ended March 31, 2025.

During the three months ended March 31, 2026, the loss on extinguishment of debt was (\$2.4) million as a result of refinancing activities. During the three months ended March 31, 2025 there were no losses on extinguishment of debt recorded.

During the three months ended March 31, 2026 and 2025, other income (expense), net was \$13.8 million and (\$86.7) million, respectively. These results were primarily driven by unrealized gains relating to the changes in the fair value of our interest rate caps and swaps of \$28.6 million during the three months ended March 31, 2026, compared to unrealized losses of (\$68.9) million during the three months ended March 31, 2025. These results were also driven by unrealized gains relating to the changes in the fair value of our foreign exchange market forwards of \$12.5 million during the three months ended March 31, 2026, compared to unrealized losses of (\$21.1) million during the three months ended March 31, 2025. These results were partially offset by realized losses of (\$33.0) million relating to the settlement of certain interest rate caps during the three months ended March 31, 2026, compared to \$0.6 million of realized gains recognized during the three months ended March 31, 2025. The interest rate caps and swaps are used primarily to limit our interest rate payments on certain of our variable rate borrowings.

Funds from Operations and Adjusted Funds from Operations

We believe funds from operations (“FFO”) is a meaningful supplemental non-GAAP operating measure, which should be considered along with, but not as an alternative to, net loss as a measure of operating performance. Our consolidated financial statements are presented under historical cost accounting which, among other things, requires depreciation of real estate investments to be calculated on a straight-line basis. As a result, our operating results imply that the value of our real estate investments will decrease evenly over a set time period. However, we believe that the value of real estate investments will change over time based on market conditions and as such, depreciation under historical cost accounting may be less informative. FFO is a standard REIT industry metric defined by the National Association of Real Estate Investment Trusts (“Nareit”).

FFO, as defined by Nareit and presented below, is calculated as net income or loss (computed in accordance with GAAP), excluding (i) gains or losses from sales of depreciable real property, (ii) impairment write-downs on depreciable real property, (iii) plus real estate-related depreciation and amortization, (iv) net gains or losses from sales of real estate, and (v) similar adjustments for unconsolidated joint ventures.

We also believe that adjusted FFO (“AFFO”) is a meaningful supplemental non-GAAP disclosure of our operating results. AFFO further adjusts FFO in order for our operating results to reflect the specific characteristics of our business by adjusting for items we believe are not related to our core operations. Our adjustments to FFO to arrive at AFFO include removing the impact of (i) straight-line rental income and expense, (ii) deferred income amortization, (iii) amortization of above- and below-market lease intangibles, net, (iv) amortization of mortgage premium / discount, (v) unrealized gains or losses from changes in the fair value of investments in real estate debt and other financial instruments, (vi) gains and losses resulting from foreign currency translations, (vii) amortization of restricted stock awards, (viii) non-cash performance participation allocation, even if repurchased by us, (ix) amortization of deferred financing costs, (x) gains or losses on extinguishment of debt, and (xi) similar adjustments for unconsolidated joint ventures. AFFO is not defined by Nareit and our calculation of AFFO may not be comparable to disclosures made by other REITs.

The following table presents a reconciliation of net loss attributable to stockholders to FFO and AFFO (\$ in thousands):

	For the Three Months Ended March 31,	
	2026	2025
Net loss attributable to stockholders	\$ (112,854)	\$ (177,180)
Adjustments to arrive at FFO:		
Real estate depreciation and amortization	177,646	172,850
Investment in unconsolidated real estate ventures – depreciation and amortization	13,169	12,461
Net loss (gain) on dispositions of real estate	65	(9,690)
Amount attributable to non-controlling interests for above adjustments	(1,207)	(840)
FFO attributable to stockholders	76,819	(2,399)
Adjustments to arrive at AFFO:		
Straight-line rental income and expense	(2,899)	(1,368)
Deferred income amortization ⁽¹⁾	(7,066)	(3,800)
Amortization of above- and below-market lease intangibles, net	(174)	(320)
Unrealized (gains) losses from changes in the fair value of investments in real estate debt and other financial instruments	(41,152)	89,952
Foreign currency gain	(10,119)	(644)
Non-cash performance participation allocation	—	—
Amortization of deferred financing costs	6,058	7,197
Loss on extinguishment of debt	2,356	—
Amortization of restricted stock awards	210	210
Amount attributable to non-controlling interests for above adjustments	(201)	(439)
AFFO attributable to stockholders	\$ 23,832	\$ 88,389

⁽¹⁾ Includes the amortization of mortgage premium / discount.

FFO and AFFO should not be considered to be more relevant or accurate than the GAAP methodology in calculating net income (loss) or in evaluating our operating performance. In addition, FFO and AFFO should not be considered as alternatives to net income (loss) as indications of our performance or as alternatives to cash flows from operating activities as indications of our liquidity, but rather should be reviewed in conjunction with these and other GAAP measurements. Further, FFO and AFFO are not intended to be used as liquidity measures indicative of cash flow available to fund our cash needs, including our ability to make distributions to our stockholders.

Net Asset Value

Our board of directors, including a majority of our independent directors, has adopted valuation guidelines that contain a comprehensive set of methodologies to be used by the Advisor, our independent valuation advisor and third-party appraisal firms in connection with estimating the values of our assets and liabilities for purposes of our NAV calculation. These guidelines are designed to produce a fair and accurate estimate of the price that would be received for our investments in an arm's-length transaction between a willing buyer and a willing seller in possession of all material information about our investments. Our independent valuation advisor reviews our valuation guidelines and methodologies related to investments in real property with the Advisor and our board of directors at least annually. From time to time, our board of directors, including a majority of our independent directors, may adopt changes to the valuation guidelines if it (i) determines that such changes are likely to result in a more accurate reflection of NAV or a more efficient or less costly procedure for the determination of NAV without having a material adverse effect on the accuracy of such determination or (ii) otherwise reasonably believes a change is appropriate for the determination of NAV.

For more information on our NAV calculation and valuation guidelines, please refer to Item 5. "Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities" in our Annual Report on Form 10-K for the year ended December 31, 2025. Please also refer to Item 1A. "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2025, as supplemented, for additional disclosure relating to material trends or uncertainties that may impact our NAV and our business.

The following table provides a breakdown of the major components of our NAV as of March 31, 2026 (\$ and shares/units in thousands):

Components of NAV	March 31, 2026
Investments in real estate	\$ 20,937,275
Investment in real estate debt	943,107
Cash and cash equivalents	211,144
Restricted cash	220,642
Other assets	124,296
Debt obligations	(11,797,601)
Secured financings on investments in real estate debt	(565,864)
Subscriptions received in advance	(200)
Other liabilities	(1,884,033)
Performance participation accrual	—
Management fee payable	(6,757)
Accrued stockholder servicing fees ⁽¹⁾	(2,662)
Non-controlling interests in consolidated joint ventures	(121,971)
Net asset value	\$ 8,057,376
Number of outstanding shares/units	408,864

⁽¹⁾ Stockholder servicing fees only apply to Class T, Class S, and Class D shares. For purposes of NAV, we recognize the stockholder servicing fee as a reduction of NAV on a monthly basis. Under GAAP, we accrue the full cost of the stockholder servicing fee as an offering cost at the time we sell Class T, Class S and Class D shares. As of March 31, 2026, we have accrued under GAAP \$215.4 million of stockholder servicing fees payable to the Dealer Manager related to the Class T, Class S and Class D shares sold.

The following table provides a breakdown of our total NAV and NAV per share by share class as of March 31, 2026 (\$ and shares/units in thousands, except per share/unit data):

NAV Per Share	Class S Shares	Class T Shares	Class D Shares	Class I Shares	Third-party Operating Partnership Units ⁽¹⁾	Total
Net asset value	\$ 3,436,930	\$ 92,218	\$ 476,130	\$ 3,659,381	\$ 392,717	\$ 8,057,376
Number of outstanding shares/units	173,413	4,651	24,539	186,271	19,990	408,864
NAV Per Share/Unit as of March 31, 2026	\$ 19.82	\$ 19.83	\$ 19.40	\$ 19.65	\$ 19.65	

⁽¹⁾ Includes the Operating Partnership units held by the Special Limited Partner and other third parties.

Set forth below are the weighted averages of the key assumptions in the discounted cash flow methodology used in the March 31, 2026 valuations, based on property types. Once we own more than one single-family, one self-storage and one extended stay investment, we will include the key assumptions for the property types.

Property Type	Discount Rate	Exit Capitalization Rate
Multifamily	6.9%	5.5%
Industrial	7.3%	5.8%
Office	8.0%	6.8%
Other	8.3%	6.7%

For quarter-end months, these assumptions are determined by the independent valuation advisor or third party appraisers, as applicable, per the terms of our valuation guidelines. The Advisor reviews the assumptions from each of the appraisals. A change in these assumptions would impact the calculation of the value of our property investments. For example, assuming all other factors remain unchanged, the changes listed below would result in the following effects on our investment values:

Input	Hypothetical Change	Multifamily Investment Values	Industrial Investment Values	Office Investment Values	Other Investment Values
Discount Rate	0.25% decrease	+1.9%	+1.9%	+1.9%	+1.9%
(weighted average)	0.25% increase	(1.9)%	(1.9)%	(1.9)%	(1.9)%
Exit Capitalization Rate	0.25% decrease	+3.0%	+2.8%	+2.4%	+2.3%
(weighted average)	0.25% increase	(2.7)%	(2.6)%	(2.3)%	(2.1)%

The following table reconciles stockholders' equity from our Condensed Consolidated Balance Sheet to our NAV (\$ in thousands):

Reconciliation of Stockholders' Equity to NAV	March 31, 2026
Total stockholders' equity under GAAP	\$ 3,582,693
Redeemable non-controlling interests	392,717
Total partners' capital of Operating Partnership	3,975,410
Adjustments:	
Accrued stockholder servicing fee	212,766
Unrealized net real estate and real estate debt appreciation	561,097
Accumulated depreciation and amortization	3,308,103
NAV	\$ 8,057,376

The following details the adjustments to reconcile stockholders' equity to our NAV:

- Accrued stockholder servicing fee represents the accrual for the full cost of the stockholder servicing fee for Class T, Class S and Class D shares. Under GAAP, we accrued the full cost of the stockholder servicing fee payable over the life of each share (assuming such share remains outstanding the length of time required to pay the maximum stockholder servicing fee) as an offering cost at the time we sold the Class T, Class S and Class D shares. Refer to Note 2 — "Summary of Significant Accounting Policies" to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2025, for further details of the GAAP treatment regarding the stockholder servicing fee. For purposes of NAV, we recognize the stockholder servicing fee as a reduction of NAV on a monthly basis
- Our investments in real estate are presented under historical cost in our condensed consolidated financial statements. Additionally, our mortgage notes, secured credit facilities, secured financings on investments in real estate debt and unsecured line of credit ("Debt") are presented at their carrying value in our condensed consolidated financial statements. As such, any changes in the fair value of our Debt are not included in our GAAP results. For purposes of determining our NAV, our investments in real estate and our Debt are recorded at fair value.
- We depreciate our investments in real estate and amortize certain other assets and liabilities in accordance with GAAP. Such depreciation and amortization is not recorded for purposes of determining our NAV.

Distributions

Since February 2019, we have declared monthly distributions for each class of our common stock, which are generally paid three business days after month-end. Each class of our common stock received the same gross distribution per share, which was an aggregate of \$0.3105 per share for the three months ended March 31, 2026. The net distribution varies for each class based on the applicable stockholder servicing fee, which is deducted from the gross distribution per share and paid to the Dealer Manager. The table below details the net distribution for each of our share classes for the three months ended March 31, 2026:

	Class T Shares	Class S Shares	Class D Shares	Class I Shares
January 31, 2026	\$ 0.0890	\$ 0.0890	\$ 0.0993	\$ 0.1035
February 28, 2026	0.0906	0.0904	0.0997	0.1035
March 31, 2026	0.0892	0.0891	0.0994	0.1035
Total	<u>\$ 0.2688</u>	<u>\$ 0.2685</u>	<u>\$ 0.2984</u>	<u>\$ 0.3105</u>

The following table summarizes our distributions declared on our common stock and Operating Partnership units held by parties other than us during the three months ended March 31, 2026 and 2025 (\$ in thousands):

	For the Three Months Ended March 31, 2026		For the Three Months Ended March 31, 2025	
	Amount	%	Amount	%
Distributions				
Payable in cash	\$ 89,066	75 %	\$ 87,159	71 %
Reinvested in shares	30,396	25 %	34,819	29 %
Total distributions	<u>\$ 119,462</u>	<u>100 %</u>	<u>\$ 121,978</u>	<u>100 %</u>
Sources of Distributions				
Cash flows from operating activities ⁽¹⁾	\$ 54,214	45 %	\$ 121,978	100 %
Cash flows from investing activities ⁽²⁾	1,877	2	—	—
Offering proceeds ⁽³⁾	63,371	53	—	—
Total sources of distributions	<u>\$ 119,462</u>	<u>100 %</u>	<u>\$ 121,978</u>	<u>100 %</u>
Cash flows from operating activities	\$ 54,214		\$ 85,246	
Funds from operations ⁽⁴⁾	\$ 76,819		\$ (2,399)	

(1) As of March 31, 2025, our inception to date cash flows from operating activities funded 100% of our distributions.

(2) Certain cash flows from interest rate derivatives, classified as cash flows from investing activities, have funded a portion of our distributions.

(3) Offering proceeds represents distributions reinvested in shares of our common stock through our distribution reinvestment plan.

(4) See “Funds from Operations and Adjusted Funds from Operations” above for a description of FFO and a reconciliation of GAAP net loss attributable to stockholders to FFO.

Liquidity and Capital Resources

Our primary sources of liquidity include cash and cash equivalents and available borrowings under our unsecured line of credit and senior secured revolving credit facility. The following table summarizes amounts available under these sources as of March 31, 2026 (\$ in thousands):

	March 31, 2026
Cash and cash equivalents	\$ 211,144
Available borrowings on undrawn unsecured line of credit	32,500
Available borrowings on undrawn senior secured revolving credit facility	150,000
Total available liquidity and capital resources	<u>\$ 393,644</u>

Our primary needs for liquidity and capital resources are to fund our investments, to make distributions to our stockholders, to repurchase shares of our common stock pursuant to our share repurchase plan, to pay our offering and operating expenses and capital expenditures, to pay debt service on the outstanding indebtedness we incur, and to repay principal on outstanding indebtedness as it comes due. Our operating expenses include, among other things, fees and expenses related to managing our properties and other investments, the management fee we pay to the Advisor (to the extent the Advisor elects to receive the management fee in cash), the performance participation allocation that the Operating Partnership will pay to the Special Limited Partner (when earned and to the

extent that the Special Limited Partner elects to receive the performance participation allocation in cash) and general corporate expenses. Since October 2022, share repurchase requests from our stockholders have exceeded the limits of our share repurchase plan. In April 2026, we amended our share repurchase plan to further limit repurchases and reduced distributions paid on our common stock. For further discussion, see “Recent Developments” above.

Our cash needs for acquisitions and other investments will be funded primarily from the sale of shares of our common stock and through the assumption or incurrence of debt.

Other potential future sources of capital include secured or unsecured financings from banks or other lenders and proceeds from the sale of assets and our investment in real estate-related debt. If necessary, we may use financings or other sources of capital in the event of unforeseen significant capital expenditures. From inception through March 31, 2026, our distributions have been primarily funded from cash flows from operating activities in addition to certain cash flows from interest rate derivatives, classified as cash flows from investing activities. In addition, for the three months ended March 31, 2026 and 2025, we have repurchased \$0.1 billion and \$0.1 billion in shares of our common stock under our share repurchase plan.

The following table is a summary of our indebtedness as of March 31, 2026 and December 31, 2025 (\$ in thousands):

Indebtedness	Weighted Average Interest Rate ⁽¹⁾	Weighted Average Maturity Date ⁽²⁾	Maximum Facility Size	Principal Balance Outstanding ⁽³⁾	
				March 31, 2026	December 31, 2025
<i>Fixed rate loans</i>					
Fixed rate mortgages	3.41%	January 2031	N/A	\$ 3,161,776	\$ 3,167,322
Total fixed rate loans				3,161,776	3,167,322
<i>Variable rate loans</i>					
Floating rate mortgages	B + 1.95%	January 2031	N/A	8,714,858	8,690,438
Variable rate secured credit facility ⁽⁴⁾	B + 2.25%	May 2026	\$160,378	160,378	161,140
Senior secured revolving credit facility ⁽⁵⁾	B + 2.50%	January 2027	\$150,000	—	—
Total variable rate loans				8,875,236	8,851,578
Total loans secured by the Company’s properties				12,037,012	12,018,900
Secured financings on investments in real estate debt	BBSY + 2.65%	June 2030	\$ 565,864	565,864	550,951
Unsecured line of credit ⁽⁶⁾	B + 2.50%	May 2027	\$ 1,550,000	1,517,500	1,373,000
Total Indebtedness				\$ 14,120,376	\$ 13,942,851

(1) The symbol “B” refers to the relevant floating benchmark rates, which includes one-month SOFR, NYFED 30 day SOFR, three-month EURIBOR, three-month CIBOR and three-month BBSY, as applicable to each loan.

(2) For loans where we, at our own discretion, have extension options, the maximum maturity date has been assumed.

(3) The majority of our mortgages contain prepayment provisions including (but not limited to) lockout periods, yield or spread maintenance provisions and fixed penalties.

(4) The repayment of the variable rate secured credit facility is guaranteed by the Operating Partnership.

(5) The repayment of the senior secured revolving credit facility is secured by pledges of ownership interests in holding companies that are directly under the Operating Partnership.

(6) The repayment of the unsecured line of credit facility is guaranteed by us.

Effective April 29, 2026, we amended our share repurchase plan, beginning with repurchases submitted during the month of April 2026 such that (i) repurchase requests made upon the death or qualifying disability of a stockholder who is a natural person will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month; and (ii) repurchase requests for accounts having a balance below \$5,000 will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month. As a result, no repurchase requests will be accepted except in connection with (i) and (ii) above.

Pursuant to the terms of the amended share repurchase plan described above, during the month of April 2026, we repurchased approximately \$4.8 million of common stock under our share repurchase plan, which represented all repurchase requests for such period made upon the death or qualifying disability of a stockholder and for accounts having a balance below \$5,000.

During the period from April 1, 2026 through May 11, 2026, we received approximately \$0.1 billion of net borrowings on our unsecured line of credit and our senior secured revolving credit facility.

Cash Flows

The following table provides a breakdown of the net change in our cash and cash equivalents and restricted cash (\$ in thousands):

	For the Three Months Ended	
	March 31, 2026	March 31, 2025
Cash flows provided by operating activities	\$ 54,214	\$ 85,246
Cash flows (used in) provided by investing activities	(2,082)	1,115,823
Cash flows used in financing activities	(46,725)	(1,214,706)
Effect of exchange rate changes	1,368	(3,759)
Net increase (decrease) in cash and cash equivalents and restricted cash	\$ 6,775	\$ (17,396)

Cash flows provided by operating activities decreased by approximately \$31.0 million during the three months ended March 31, 2026 compared to the three months ended March 31, 2025. This decrease is primarily attributable to a reduction in property operating income as a result of asset sales during the three months ended March 31, 2025.

Cash flows provided by investing activities decreased by approximately \$1.1 billion during the three months ended March 31, 2026 compared to the three months ended March 31, 2025. The decrease was primarily due to approximately \$1.0 billion in proceeds from dispositions of real estate during the three months ended March 31, 2025.

Cash flows used in financing activities decreased by approximately \$1.2 billion during the three months ended March 31, 2026 compared to the three months ended March 31, 2025. The decrease was primarily driven by a \$1.2 billion decrease in net borrowings on our mortgage notes as a result of the repayment of property-level financing associated with asset sales during the three months ended March 31, 2025. This was offset by additional net borrowings on our unsecured line of credit during the three months ended March 31, 2026.

Critical Accounting Policies

The preparation of the financial statements in accordance with GAAP involves significant judgments and assumptions and requires estimates about matters that are inherently uncertain. These judgments will affect our reported amounts of assets and liabilities and our disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. With different estimates or assumptions, materially different amounts could be reported in our financial statements. Refer to “Critical Accounting Policies”, as reflected in Item 7 — Management’s Discussion and Analysis of Financial Condition and Results of Operations, to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2025, for further descriptions of such accounting policies.

Recent Accounting Pronouncements

See Note 2 — “Summary of Significant Accounting Policies” to our condensed consolidated financial statements in this Quarterly Report on Form 10-Q for a discussion concerning recent accounting pronouncements.

Off-Balance Sheet Arrangements

We have no existing off-balance sheet arrangements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Capital Market Risk

We are exposed to risks related to the equity capital markets and our related ability to raise capital through the issuance of our common stock. We are also exposed to risks related to the debt capital markets, and our related ability to finance our business through borrowings under mortgages, repurchase obligations or other debt instruments. As a REIT, we are required to distribute a significant portion of our taxable income annually, which constrains our ability to accumulate operating cash flow and therefore requires us to utilize debt or equity capital to finance our business.

Economic events affecting the U.S. economy, such as the general negative performance of the real estate sector (including as a result of inflation or higher interest rates), actual or perceived instability in the U.S. banking system, disruptions in the labor market (including labor shortages and unemployment), stock market volatility, trade conflict, civil unrest, national and international security events, geopolitical events, military conflicts and war (including the ongoing conflicts in the Middle East and Ukraine), have resulted in extreme volatility in a variety of global markets, including the real estate-related debt markets. Recent bank failures and consolidations have contributed to volatility in global markets and resulted in diminished liquidity and credit availability in the market broadly. We have received and may in the future receive margin calls from our lenders as a result of the decline in the market value of assets pledged by us to our lenders under our secured financings on investments in real estate debt, and if we fail to resolve such margin calls when due by payment of cash or delivery of additional collateral, the lenders may exercise remedies including taking ownership of the assets securing the applicable obligations.

Interest Rate Risk

We are exposed to interest rate risk with respect to our variable-rate mortgage indebtedness, variable-rate secured credit facilities, secured financings on investments in real estate debt and our unsecured line of credit, where an increase in interest rates would directly result in higher interest expense costs. We seek to manage our exposure to interest rate risk by utilizing a mix of fixed and floating rate financings with staggered maturities and through interest rate protection agreements to fix or cap a portion of our variable rate debt. As of March 31, 2026, the outstanding principal balance of our variable rate indebtedness was \$11.0 billion.

Certain of our mortgage loans and secured financings on investments in real estate debt are variable rate and are indexed to the one-month SOFR or other benchmark rates. We have executed interest rate caps and swaps with an aggregate notional amount of \$8.7 billion as of March 31, 2026 to hedge the risk of increasing interest rates. For the three months ended March 31, 2026, a 10 basis point increase in the SOFR or other benchmark rates would have resulted in an increase in interest expense of \$2.1 million net of the impact of our interest rate caps and swaps.

Foreign Currency Risk

We intend to hedge our currency exposures in a prudent manner to the extent it is cost effective to do so. However, our currency hedging strategies may not eliminate all of our currency risk due to, among other things, uncertainties in the timing and/or amount of payments received on the related investments, and/or unequal, inaccurate, or unavailable hedges to perfectly offset changes in future exchange rates. Additionally, we may be required under certain circumstances to collateralize our currency hedges for the benefit of the hedge counterparty, which could adversely affect our liquidity.

Consistent with our strategy of hedging foreign currency exposure on certain investments, we typically enter into a series of foreign currency forward contracts to fix the U.S. dollar amount of foreign currency denominated cash flows (interest income, rental income, principal payments and net sales proceeds after the repayment of debt) we expect to receive from our foreign currency denominated investments.

Investments in Real Estate Debt

As of March 31, 2026, we held a \$0.9 billion investment in real estate debt. Our investment in real estate debt is floating rate and indexed to various benchmark rates and as such, are exposed to interest rate risk. Our net income will increase or decrease depending on interest rate movements. While we cannot predict factors that may or may not affect interest rates, for the three months ended March 31, 2026, a 10 basis point increase or decrease in the various benchmark rates would have resulted in an increase or decrease to income from investments in real estate debt of \$0.2 million.

We may also be exposed to market risk with respect to our investment in real estate debt due to changes in the fair value of our investments. We seek to manage our exposure to market risk with respect to our investment in real estate debt by making investments in securities backed by different types of collateral and varying credit ratings. The fair value of our investment may fluctuate, thus the amount we will realize upon any sale of our investment is unknown. As of March 31, 2026, the fair value at which we may sell our investment in real estate debt is not known, but a 10% change in the fair value of our investment in real estate debt may result in an unrealized gain or loss of \$94.0 million.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

An evaluation of the effectiveness of the design and operation of our “disclosure controls and procedures” (as defined in Rule 13a-15(e) under the Exchange Act), as of the end of the period covered by this Quarterly Report on Form 10-Q was made under the supervision and with the participation of our management, including our Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”). Based upon this evaluation, our CEO and CFO have concluded that our disclosure controls and procedures (i) are effective to ensure that information required to be disclosed by us in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC rules and forms and (ii) include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in reports filed or submitted under the Exchange Act is accumulated and communicated to our management, including our CEO and CFO, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Controls Over Financial Reporting

There have been no changes in our “internal control over financial reporting” (as defined in Rule 13a-15(f) of the Exchange Act) that occurred during the period covered by this Quarterly Report on Form 10-Q that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we may be involved in various claims and legal actions arising in the ordinary course of business. As of March 31, 2026, we were not involved in any material legal proceedings.

ITEM 1A. RISK FACTORS

Except as set forth below, there were no material changes during the period covered by this Quarterly Report to the risk factors previously disclosed under Item 1A. of our Annual Report on Form 10-K for the year ended December 31, 2025.

There is no public trading market for shares of our common stock; therefore, your ability to dispose of your shares will likely be limited to repurchase by us. If you do sell your shares to us, you may receive less than the price you paid.

There is no current public trading market for shares of our common stock, and we do not expect that such a market will ever develop. Therefore, repurchase of shares by us will likely be the only way for you to dispose of your shares. We repurchase shares at a price equal to the transaction price of the class of shares being repurchased on the date of repurchase (which will generally be equal to our prior month's NAV per share) and not based on the price at which you initially purchased your shares. Subject to limited exceptions, shares repurchased within one year of the date of issuance are repurchased at 95% of the transaction price. As a result, you may receive less than the price you paid for your shares when you sell them to us pursuant to our share repurchase plan. Under our share repurchase plan as last amended in April 2026, we repurchase requests made upon the death or qualifying disability of a stockholder and repurchase requests made for accounts having a balance below \$5,000 to the extent there are available funds up to a limit of \$5 million per month.

Your ability to have your shares repurchased through our share repurchase plan is limited to repurchases resulting from death or qualifying disability and for accounts having a balance below \$5,000. We may choose to repurchase fewer shares than have been requested to be repurchased or no shares in our discretion at any time, and the amount of shares we may repurchase is subject to a monthly limit of \$5 million. Further, our board of directors may modify or suspend our share repurchase plan if it deems such action to be in our best interest and the best interest of our stockholders.

Effective April 29, 2026, we amended our share repurchase plan such that (i) repurchase requests made upon the death or qualifying disability of a stockholder who is a natural person will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month; and (ii) repurchase requests for accounts having a balance below \$5,000 will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month. As a result, no repurchase requests will be accepted except in connection with (i) and (ii) above. Since October 2022, repurchase requests have consistently exceeded the applicable monthly and quarterly limits of our share repurchase plan and may continue to exceed the limits of our share repurchase plan in the future. Further, our board of directors may modify or suspend our share repurchase plan if it deems such action to be in our best interest and the best interest of our stockholders. If the full amount of all shares of our common stock requested to be repurchased in any given month are not repurchased, funds are allocated pro rata based on the total number of shares of common stock being repurchased without regard to class and subject to the limitation. All unsatisfied repurchase requests must be resubmitted after the start of the next month or quarter, or upon the recommencement of the share repurchase plan, as applicable.

In any particular month, we may choose to repurchase fewer shares than have been requested to be repurchased under our share repurchase plan, or none at all, in our discretion at any time. We may repurchase fewer shares than have been requested to be repurchased due to lack of readily available funds because of adverse market conditions beyond our control, the need to maintain liquidity for our operations or because we have determined that investing in real property or other illiquid investments is a better use of our capital than repurchasing our shares.

The vast majority of our assets consist of properties that generally cannot be readily liquidated without impacting our ability to realize full value upon their disposition. Therefore, we may not always have a sufficient amount of cash to immediately satisfy repurchase requests. Since historical repurchase requests, in our judgment, placed an undue burden on our liquidity, adversely affected our operations or risked an adverse impact on us as a whole, and we determined that investing our liquid assets in real properties or other illiquid investments rather than repurchasing our shares is in the best interests of our company as a whole, we amended our share repurchase plan in April 2026 as set forth above. We are not required to reinstate the historical limits of our share repurchase plan (monthly limit of 2% of NAV and quarterly limit of 5% of NAV) at any time and the current terms of our share repurchase plan may continue indefinitely. In addition, we are not required to authorize the recommencement of the share repurchase plan within any specified period of time, we may effectively terminate the plan by suspending it indefinitely. As a result, your ability to have your shares repurchased by us may be limited and at times you may not be able to liquidate your investment.

Economic events that may cause our stockholders to request that we repurchase their shares may materially adversely affect our cash flow and our results of operations and financial condition.

Economic events affecting the U.S. economy, such as the general negative performance of the real estate sector (including as a result of inflation or higher interest rates), actual or perceived instability in the U.S. banking system, disruptions in the labor market (including labor shortages and unemployment), stock market volatility, trade conflict, civil unrest, national and international security events, geopolitical events, military conflicts and war (including the ongoing conflicts in the Middle East and Ukraine) could cause our stockholders to seek to sell their shares to us pursuant to our share repurchase plan at a time when such events are adversely affecting the performance of our assets. Even if we decide to satisfy all resulting repurchase requests, our cash flow could be materially adversely affected. In addition, if we determine to sell assets to satisfy repurchase requests, we may not be able to realize the return on such assets that we may have been able to achieve had we sold at a more favorable time, and our results of operations and financial condition, including, without limitation, breadth of our portfolio by property type and location, could be materially adversely affected.

In addition, stockholders have and may continue to seek to repurchase some or all of the shares of our common stock that they hold. A significant volume of repurchase requests in a given period has in the past and may in the future cause requests to exceed the monthly and quarterly limits under our share repurchase plan, resulting in less than the full amount of repurchase requests being satisfied in such period. However, under our amended share repurchase plan, we may repurchase requests only made upon the death or qualifying disability of a stockholder and repurchase requests made for accounts having a balance below \$5,000 to the extent there are available funds up to a limit of \$5 million per month.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Unregistered Sales of Equity Securities

Except as described below, during the three months ended March 31, 2026, we did not sell any equity securities that were not registered under the Securities Act. As described in Note 12 – “Related Party Transactions” to our condensed consolidated financial statements in this Quarterly Report on Form 10-Q, the Advisor is entitled to a management fee payable monthly in cash, shares of common stock, or units of the Operating Partnership, in each case at the Advisor’s election. For the three months ended March 31, 2026, the Advisor elected to receive its management fees in Class I shares and we issued an aggregate of 690,530 unregistered Class I shares to the Advisor in satisfaction of the management fee for January 2026 and February 2026. Additionally, we issued 343,930 unregistered Class I shares to the Advisor in April 2026 in satisfaction of the March 2026 management fee. The shares were issued at the applicable NAV per share at the end of each month for which the fee was earned. Each issuance to the Advisor was made pursuant to Section 4(a)(2) of the Securities Act.

Share Repurchase Plan

We have adopted a share repurchase plan, whereby on a monthly basis, stockholders may request that we repurchase all or any portion of their shares. We may choose to repurchase all, some or none of the shares that have been requested to be repurchased at the end of any particular month, in our discretion, subject to any limitations in the share repurchase plan.

In the event that we determine to repurchase some but not all of the shares submitted for repurchase during any month, shares submitted for repurchase during such month will be repurchased on a pro rata basis subject to the following repurchase priority. First, repurchase requests made upon the death or qualifying disability of a stockholder who is a natural person will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month. Second, repurchase requests that would result in the account having a balance below \$2,500 will be repurchased in full to the extent there are available funds. Thereafter, any remaining funds will be used to repurchase all other shares submitted for repurchase during such month on a pro rata basis.

The total amount of aggregate repurchases of Class T, Class S, Class D, and Class I shares (excluding any early repurchase deduction) is limited. From our inception until our share repurchase plan was amended as described below, the total amount of shares that we could repurchase was limited to 2% of the aggregate NAV per month (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding month) and 5% of the aggregate NAV per calendar quarter (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding quarter). On May 23, 2024, we amended our share repurchase plan such that, beginning with repurchases during the month of May 2024, we limited share repurchases to 0.33% of NAV per month (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding month) and, beginning on July 1, 2024, we limited share repurchases to 1% of NAV per quarter (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding quarter). On June 6, 2025, we amended our share repurchase plan so that beginning with repurchases during the month of June 2025, we limit share repurchases to 0.5% of NAV per month (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding month). Beginning July 1, 2025, the share

repurchase plan has been amended such that we limit share repurchases to 1.5% of NAV per quarter (measured using the aggregate NAV attributable to stockholders as of the end of the immediately preceding quarter).

Effective April 29, 2026, we amended our share repurchase plan, beginning with repurchases submitted during the month of April 2026 such that (i) repurchase requests made upon the death or qualifying disability of a stockholder who is a natural person will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month; and (ii) repurchase requests for accounts having a balance below \$5,000 will be repurchased in full to the extent there are available funds up to a limit of \$5 million per month. As a result, no repurchase requests will be accepted except in connection with (i) and (ii) above.

Shares are repurchased at a price equal to the transaction price on the applicable repurchase date, subject to any early repurchase deduction. Shares that have not been outstanding for at least one year are repurchased at 95% of the transaction price. Due to the illiquid nature of investments in real estate, we may not have sufficient liquid resources to fund repurchase requests and may elect not to repurchase some or all of the shares submitted for repurchase in a given period. Further, we may make exceptions to, modify or suspend the share repurchase plan. Our board of directors may also determine to terminate our share repurchase plan if required by applicable law or in connection with a transaction in which our stockholders receive liquidity for their shares of our common stock, such as a sale or merger of our company or listing of our shares on a national securities exchange.

If the transaction price for the applicable month is not made available by the tenth business day prior to the last business day of the month (or is changed after such date), then no repurchase requests will be accepted for such month and stockholders who wish to have their shares repurchased the following month must resubmit their repurchase requests.

During the three months ended March 31, 2026, we repurchased shares of our common stock in the following amounts:

Month of:	Total Number of Shares Repurchased ⁽¹⁾⁽²⁾	Average Price Paid per Share	Total Number of Shares Repurchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares That May Yet Be Repurchased Pursuant to Publicly Announced Plans or Programs ⁽²⁾
January 2026 ⁽³⁾	2,054,897	\$ 20.25	2,054,897	—
February 2026 ⁽³⁾	1,967,018	20.03	1,967,018	—
March 2026 ⁽³⁾	1,970,263	19.91	1,970,263	—
Total	<u>5,992,178</u>	<u>\$ 20.07</u>	<u>5,992,178</u>	<u>—</u>

⁽¹⁾ Repurchases are limited under the share repurchase plan as described above, which was first announced in December 2017. Under the share repurchase plan, we were authorized to repurchase up to an aggregate of \$117.8 million of Class T, Class S, Class D and Class I shares based on our December 31, 2025 NAV in the first quarter of 2026. Pursuant to the share repurchase plan, this amount resets at the beginning of each quarter. Shares repurchased were submitted by our stockholders in the prior month and honored in the current month.

⁽²⁾ Share repurchases are funded through a combination of available cash on hand, sales of shares of our common stock, borrowings from our unsecured line of credit and proceeds from asset dispositions.

⁽³⁾ In each of January, February and March 2026, we received repurchase requests in excess of the applicable monthly or quarterly repurchase limitation. As per the terms of our share repurchase plan, we honored all repurchase requests for each of January, February and March 2026 on a pro rata basis up to the applicable monthly or quarterly repurchase limitation following certain repurchases that receive priority. As such, approximately 3% of each stockholder's January 2026 repurchase request was satisfied, approximately 3% of each stockholder's February 2026 repurchase request was satisfied and approximately 3% of each stockholder's March 2026 repurchase requested was satisfied.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

Trading Arrangements

None of our directors or executive officers adopted or terminated a Rule 10b5-1 trading arrangement or a non-Rule 10b5-1 trading arrangement (as defined in Item 408(c) of Regulation S-K) during the quarter ended March 31, 2026.

Independent Director Restricted Share Plan

Effective May 8, 2026, our board of directors adopted the Amended and Restated Independent Director Restricted Share Plan to increase the aggregate number of shares reserved and available for issuance pursuant to awards granted thereunder to 400,000.
