

STARWOOD REAL ESTATE INCOME TRUST, INC.
SUPPLEMENT NO. 5 DATED OCTOBER 9, 2018
TO THE PROSPECTUS DATED APRIL 12, 2018

This document supplements, and should be read in conjunction with, our prospectus dated April 12, 2018, as well as Supplement No. 1 dated May 15, 2018, Supplement No. 2 dated July 10, 2018, Supplement No. 3 dated August 10, 2018, and Supplement No. 4 dated September 7, 2018. Terms used and not otherwise defined in this Supplement No. 4 shall have the same meanings as set forth in our prospectus, as supplemented. The purpose of this Supplement No. 5 is:

- to disclose our intended acquisition of a portfolio comprised of four properties following the end of our escrow period; and
- to disclose the appointment of three new members to the Investment Committee of our Advisor.

Assets for Acquisition following Escrow Period

The disclosure appearing under the subheading “Identification of Investments” beginning on page 203 of our prospectus, the disclosure appearing under the heading “Properties for Acquisition following Escrow Period” in Supplement No. 3 and all disclosure in our prospectus regarding the blind-pool nature of our offering is supplemented with the following:

In addition to the assets previously described in Supplement No. 3, our Advisor has identified a multifamily portfolio asset (the “Florida Multifamily Portfolio”) specifically for our acquisition which has been acquired by an affiliate of the Advisor from an unaffiliated third party. We expect to acquire the Florida Multifamily Portfolio from our Advisor’s affiliate at the end of the escrow period at a price equal to the cost paid by such affiliate. As set forth below, however, there can be no assurance that we will do so.

The Florida Multifamily Portfolio is a garden style multifamily portfolio totaling 1,150 units and comprised of two properties located in Jacksonville, Florida and two properties located in Naples, Florida. The Florida Multifamily Portfolio was acquired from an unaffiliated third party in an off-market transaction for approximately \$100 million, excluding closing costs. The Florida Multifamily Portfolio was 98% leased as of its acquisition by the Advisor’s affiliate. Each property in the Florida Multifamily Portfolio is well-located within a fast growing market in Florida that is projected to grow at among the highest rates in the country for population and employment growth. The Advisor believes these markets benefit from attractive fundamentals, as each of Jacksonville and Naples saw their populations increase at a rate nearly double the national average over the last year. Each of the Jacksonville properties is located near I-295, the beltway encircling the Jacksonville metro area that connects to the I-95 interstate, the primary north-south roadway along Florida’s east coast. Similarly, each of the Naples properties is in close proximity to the I-75 interstate, the primary north-south roadway through Southwest Florida and the major east-west roadway connecting Naples to Fort Lauderdale and Southeast Florida.

Our board of directors has reviewed the information regarding the proposed acquisition of the Florida Multifamily Portfolio, as summarized above, and has approved such acquisition as consistent with our investment guidelines and in the best interests of our stockholders. We have not assumed any present or future obligation to acquire the Florida Multifamily Portfolio, however, and any such acquisition

remains subject to certain customary conditions. We may not acquire the Florida Multifamily Portfolio upon the close of the escrow period, or at all.
